ABOUT SKYWAYS AIR SERVICES LIMITED

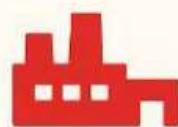

Formed in 1984, Skyways Air Services Ltd. has created a well-integrated Logistics Infrastructure and processes making it a market leader in Air Freight in India and also a well-established player providing other Logistics services through its subsidiaries across ocean freight forwarding, trucking, warehousing, custom broking, technology driven express cargo and parcel delivery and a wide range of Value-Added Services (VAS) for more than 7,600 customers across domestic and international markets. We have been ranked as one of the top forwarders over the last decade in India for Air Exports. We have been ranked No. 1 "Air Freight Forwarder" in terms of AWBs we executed as per the 'World ACD' for the last 3 years (CY 2024, 2023 and 2022).

Skyways has constantly innovated and expanded its growth avenues. To support the Board's strategic vision, our company incorporated and acquired multiple subsidiary entities, both within India and across key international markets. These subsidiaries were established with specific mandates—either to offer specialized value-added services or to cater to niche product segments within the freight forwarding domain. The strength of our group is ~1,000 employees. Technology solutions bring speed, agility and efficiency upstream and downstream to customers with leverage to scale digitally to offer holistic integrated services.

The Company has witnessed a growth of 44.21% of EBIDTA in comparison to previous year.

REVIEW OF OPERATIONS / STATE OF AFFAIRS OF THE COMPANY

Your Company is a leading Logistics Player engaged in providing a comprehensive suite of services, including air freight forwarding, ocean freight forwarding, trucking, warehousing, custom broking, technology driven express cargo and parcel delivery and a wide range of Value-Added Services (VAS) to support the diverse needs of our clientele across domestic and international markets. By aligning with these well-established networks, we reinforce our positioning as a globally connected and operationally agile organization within the freight forwarding sector. These affiliations not only expand our international reach but also enhance our capability to deliver consistent service quality, regardless of destination, cargo type, or complexity of shipment. Such strategic collaborations contribute to the company's resilience and sustainable growth in the face of evolving market conditions and dynamic trade environments.

To support this strategic vision, our company incorporated and acquired multiple subsidiary entities, both within India and across key international markets. These subsidiaries were established with specific mandates—either to offer specialized value-added services or to cater to niche product segments within the freight forwarding domain. This approach allowed us to strengthen our presence across the logistics value chain and deliver end-to-end freight forwarding solutions, tailored to the diverse needs of our clientele. Below is a comprehensive overview of the business activities conducted by our subsidiaries and associates, along with the value-added services they provide to enhance operational efficiency and drive the sustained expansion of the Skyways Group.

Our subsidiary companies also performed well during the financial year, further contributing to the growth of the logistics segment. Our subsidiary companies focused on their core competencies offering specialized logistics solutions to enhance its ability to handle larger volumes and diversified types of shipments. In order to increase its business volumes and presence in the logistic industry, Company has acquired 51% Stake in Odyssey Logistics Private Limited and CTC Air Carriers Private Limited.

During the year under review, the Company was converted from a private limited company to a public limited company pursuant to the approval of the shareholders in their Meeting held on 29.03.2025 and upon receipt of the fresh Certificate of Incorporation from the Registrar of Companies, Delhi dated 05.05.2025.

The conversion is in line with the Company's future growth plans, including its proposed listing on the main board of stock exchanges. The Company continues to be governed by the applicable provisions of the Companies Act, 2013, and other applicable laws consequent upon such conversion. Further, the Company has filed its Draft Red Hearing Prospectus (DRHP) with SEBI on 30.06.2025 for an IPO on main Board.

HUMAN RESOURCES:

Your Company has amicable employee relations at all locations and would like to place on record its sincere appreciation for the unstinted support it continues to receive from all its employees. Your Company also continued to focus on manpower productivity and efficiency during the Financial Year under review and hence drives various learning and development interventions in this regard, in line with the organizational objectives. Your Company is also committed to foster employee engagement and connect, while maintaining a safe and healthy workplace. Your Company has several policies formulated for the benefit of employees, which promote gender diversity, equal opportunity, prevention of sexual harassment, safety and health of employees.

TRANSFER TO RESERVES

The Board has decided not to transfer any amount to the General Reserves. The profits earned during the financial year have been retained in the Profit &Loss Account of the Company for business and operations of the Company.

CHANGE IN NATURE OF BUSINESS DURING THE YEAR

During the financial year under review the Company has not changed its nature of business.

MATERIAL CHANGES AND COMMITMENT AFFECTING FINANCIAL POSITION OF THE COMPANY

No material change or commitment affecting the financial position of the Company has occurred between the end of the financial year and the date of this Report.

SHARE CAPITAL

During the Financial Year 2024-25, the Company has increased the existing authorized share capital from Rs. 65,00,00,000 (Rupees Sixty-Five Crore) divided into 6,50,00,000 (Sixty Crore Fifty Lacs) equity shares of Rs 10/-each to Rs. 1,55,00,00,000 (One Hundred Fifty Crore Only) divided into 15,50,00,000 (Fifteen Crore Fifty Lacs) equity shares of Rs 10 each and also increased from Rs. 1,55,00,00,000 (One Hundred Fifty Crore Only) divided into 15,50,00,000 (Fifteen Crore Fifty Lacs) equity shares of Rs 10/-each to Rs. 1620000000/- (One Hundred Sixty-Two Crore Only) divided into 162000000 (Sixteen Crore Twenty Lacs) equity shares of Rs 10 each by way of Shareholder's Approval in their meeting held on 14.06.2024 and 29.03.2025 respectively.

During FY 2024-25, the Company has issued and allotted 41745920 (ratio 4:1) and 52182400 equity shares (ratio 1:1) of INR 10 each by way of Bonus issue in the Board Meeting held on 30.05.2024 and 01.01.2025 respectively.

Further the Company has issued and allotted 7291969 and 769149 equity shares of INR 10 each at a premium of INR 84 per share by way of preferential issue in the Board Meeting held on 30.01.2025 and 30.03.2025 respectively and said preferential issue was approved in the shareholders meeting held on 13.01.2025 and 29.03.2025 respectively in compliance of Section 42 read with Section 62 of the Companies Act, 2013.

During the Financial Year 2024-25 the Company, the Company has not issued any equity shares with differential rights, sweat equity shares, equity shares under employee stock options and also has not made any buy back of its securities.

Credit Rating

The Company has obtained a credit rating from Crisil Ratings agency for its Bank loan facilities of Rs. 230.1 Crore regarding long term rating which reflect Crisil A/Stable (Upgraded from 'Crisil A-/Positive') during the financial year 2024-25. The rating reflects the Company's strong financial position, prudent risk management practices, and its ability to meet debt obligations.

BOARD OF DIRECTORS

Your Company's Board is duly constituted which is in compliance with the requirements of the Companies Act, 2013, and provisions of the Articles of Association of the Company. Your Board has been constituted with requisite diversity, wisdom and experience commensurate to the scale of operations of your Company.

Mr. Tarun Sharma, Whole Time Director of the Company will retire by rotation at the ensuing Annual General Meeting of the Company and being eligible offered himself for re-appointment as per Section 152 of the Companies Act, 2013.

Induction, Re-Appointment and Resignation of Directors and Key Managerial Personnel

During the financial year, Company has appointed or resigned following director and KMP

S. No.	Name of Director	Appointment/Re-appointment/Cessation
1.	Mr. Tarun Sharma	Re-appointment as Whole Time Director in 40 th Annual General Meeting held on 30.09.2024 for further period of five years

STATEMENT CONCERNING DEVELOPMENT AND IMPLEMENTATION OF RISK MANAGEMENT POLICY OF THE COMPANY

The Company's robust risk management framework identifies and evaluates business risks and opportunities. The company recognizes that these risks need to be managed and mitigated to protect its shareholders and other stakeholders, to achieve its business objectives and enable sustainable growth. The risk framework is aimed at effectively mitigating the Company's various business and operational risks, through strategic actions. Risk Management is embedded in our critical business activities, functions and processes. The risks are reviewed for the change in the nature and extent of the major risks identified since the last assessment. It also provides control measures for risks and future action plans.

The Company believes that the overall risk exposure of present and future risks remains within risk capacity.

VIGIL MECHANISM POLICY/ WHISTLE BLOWER POLICY

The Company has established Vigil Mechanism Policy/ Whistle Blower Policy that enables the Directors and the employees to report genuine concerns. The Vigil Mechanism Policy/ Whistle Blower Policy provides for (a) adequate safeguards against victimization of person who use the Vigil Mechanism Policy/ Whistle Blower Policy; and (b) direct access to the Chairman of the Board of Directors of the Company in appropriate and exceptional cases.

The Whistle Blower Policy/ Vigil Mechanism Policy of the Company is available on the website at <https://www.skyways-air.in/Whistle-Blower-Policy.pdf>

DETAILS OF POLICY DEVELOPED AND IMPLEMENTED BY THE COMPANY ON ITS CORPORATE SOCIAL RESPONSIBILITY

Areas of CSR Expenditure & CSR Policy:

During the financial year, the company allocated funds towards its CSR initiatives aimed at fostering sustainable and impactful community development. The CSR expenditure primarily focused on the following areas:

- 1. Education and Skill Development:** Supporting initiatives that provide quality education, skill development, and vocational training to underprivileged communities.
- 2. Healthcare and Sanitation:** Investing in health camps, awareness programs, and sanitation facilities to improve public health, especially in rural areas.
- 3. Environmental Sustainability:** Activities aimed at environmental conservation, including tree plantation drives, waste management, and promoting renewable energy sources.
- 4. Community Development:** Supporting various community projects that promote economic development, women's empowerment, and child welfare.

CSR Policy

The CSR policy of the company aligns with its commitment to contribute positively to society. Key highlights of the policy include:

- 1. Alignment with Schedule VII of the Companies Act, 2013:** The CSR activities are designed in compliance with the areas specified in Schedule VII of the Companies Act, 2013.

2. Focus on Long-term Impact: The company prioritizes initiatives that create sustainable, long-term benefits for the communities.

3. Stakeholder Engagement: CSR programs are designed with active involvement of local communities and stakeholders to ensure relevance and impact.

4. Transparency and Accountability: A structured monitoring process ensures that CSR activities are effectively implemented, and periodic reviews and audits maintain transparency.

The company remains committed to its social responsibilities and strives to make a meaningful difference through its CSR initiatives.

Amount of CSR Spending:

During the Financial Year 2024-25, your Company was required to spend Rs 81.29 Lacs from the Mandatory @ 2% of Average Net Profits of last 3 Financial Years towards CSR Activities in terms of the mandatory provisions of Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014, while the actual CSR spending for the year was Rs. 83 Lacs. Organizations	Such organizations including Non-Governmental Organizations ("NGO") as permitted to receive funding in accordance with the CSR Regulations.

C. CSR PROJECTS, PROGRAMMES AND ACTIVITIES:

The Company may undertake various CSR projects, programs and activities from time to time. The Company may also contribute towards any existing or ongoing CSR projects, programs and activities. Such projects, programs and activities will be undertaken keeping in mind the CSR philosophy of the Company and in alignment with the permissible activities under the CSR Regulations. It shall be at the discretion of the Company to undertake, modify, amend, implement and/or cancel CSR projects, programs and activities from time to time as it deems fit.

D. FOCUS AREAS:

Without prejudice to the generality of the aforesaid, the Company may (either independently or in collaboration with other entities or by contribution to NGO's) undertake one or more of the following activities under the ambit of CSR:

- (i) **Education:** Promoting education, including special education and employment enhancing vocational skills especially among children, women, elderly and the differently abled, by: (i) providing monetary contributions to academic institutions for establishing endowment funds and chairs; (ii) providing, food, vehicles, technology products, mobiles, tablets and other facilities with the objective of assisting students in their studies and also contribute to the NGOs in various manner.
- (ii) **Health Care Activities:** Providing health care for visually impaired and physically challenged, creating awareness programmes, setting up of toilets in villages, helping anganwadies and facilitating them with basic amenities and setting up of mobile health vans for rural areas.

- (iii) **Gender Equality and Empowerment of Women:** Setting up homes and hostels for women and orphans, setting up old age homes, day care centers and such other facilities for senior citizens and promote measures for reducing inequalities faced by socially and economically backward groups.
- (iv) **Environmental Sustainability:** Ensuring environmental sustainability, ecological balance, promotion of flora and fauna, animal welfare, agro forestry, conservation of natural resources and maintenance of quality of soil, air and water.
- (v) **Others:** Any other projects, programs and activities falling within the permissible activities prescribed under the CSR Regulations and Schedule I hereto.

E. MODE OF CARRYING OUT CSR ACTIVITIES:

The Company may carry out the CSR activities either on its own, or through a registered Trust or registered Society or through a Company registered under Section 8 of the Act or through one or more of the modes in such manner as it deems fit. Company may also collaborate with other Companies for undertaking projects, programs and activities in such manner as it deems fit and as approved by the Board.

In the event the Company contributes money to the corpus of a Trust/Society/Company, the Board will ensure that:

- (i) The Trust/Society/Company has been created/incorporated exclusively for undertaking CSR Activities or such corpus of such Trust/Society/Company is created exclusively for a purpose relatable to a subject covered under CSR Regulations; and
- (ii) Such Company or Trust or Society shall have an established track record of at least 3 (Three) years in undertaking similar programs or projects
- (iii) The Company shall give preference to CSR activities being carried out in the local areas and are as around which it operates

F. COMPOSITION AND RESPONSIBILITIES OF CSR COMMITTEE:

(i) COMPOSITION:

NAME	DESIGNATION
SUDERSHAN LAL SHARMA	Chairman
TARUN SHARMA	Member

OBJECTIVES OF THE CSR COMMITTEE FOR CSR:

1. To develop a long-term vision and strategy for CSR activities.
2. To establish process mechanism for the implementation and monitoring the CSR activities in accordance with the CSR Regulations.
3. To strive for economic development that positively impacts the society at large with a minimal resource footprint.

(ii) RESPONSIBILITIES:

To achieve the above objectives, Board of Directors will have, *inter alia*, the following roles, powers and responsibilities:

- i). To formulate a corporate social responsibility policy which shall indicate the activities to be undertaken by the Company as specified in Schedule VII of the Companies Act and the rules made thereunder and make any revisions there in as and when decided by the Board;
- ii). To identify corporate social responsibility policy partners and corporate social responsibility policy programmes;
- iii). To formulate an Annual Action Plan in pursuance to the CSR policy;
- iv). To decide the amount of expenditure to be incurred for the corporate social responsibility activities and the distribution of the same to various corporate social responsibility programmes undertaken by the Company;
- v). To delegate responsibilities to the corporate social responsibility team and supervise proper execution of all delegated responsibilities;
- vi). To review and monitor the implementation of corporate social responsibility programmes and issuing necessary directions as required for proper implementation and timely completion of corporate social responsibility programmes; and
- vii). To perform such other duties and functions as may require the Board of Directors to undertake to promote the corporate social responsibility activities of the Company and exercise such other powers as may be conferred.

G. DECISION MAKING BY THE CSR COMMITTEE:

- (i) The Committee shall act in a manner that is consistent with the provisions contained in this CSR Policy and the CSR Regulations.
- (ii) The Committee shall endeavor to arrive at all decisions via consensus of all members. However, on occurrence of any event were the Board is unable to arrive at a consensus, the decision of the Chairperson of the Board shall be final.

H. CSR SPENDING:

- (i) The Company may, in every financial year, spend such amounts on its CSR activities as the Committee may authorize from time to time.
- (ii) Any surplus arising out of CSR projects, programs and activities undertaken by the Company shall not form part of the business profits of the Company.

I. MONITORING PROCESS:

Committee shall monitor the implementation of various programs, projects and activities in such manner as it deems fit. Committee shall also determine the manner of submission of information, reports, files, etc. by third parties as a part of the monitoring process. Board shall ensure that a transparent monitoring mechanism is put in place.

In the event the Company wishes to implement the CSR activities undertaken by it through a registered Trust or Society or through a Company registered under section 8 of the Act, a report on the progress made by such

Trust/Society/Company is to be submitted on a quarterly basis to the Board for its review and recommendations. The Board shall periodically review the progress made by the Company in implementing the CSR activities undertaken by it.

J. REPORTING:

- (i) The Committees' report shall include an annual report on CSR (containing particulars as required under the CSR Regulations), projects, programs and activities undertaken by the Company in the relevant financial year. The Board shall provide a responsibility statement on the implementation and monitoring of the CSR Policy and that it is incompliance with CSR philosophy of the Company and such statement shall form part of the Board's Report.
- (ii) If the Company fails to spend the prescribed amount on CSR activities, the Board's Report shall specify reasons for not spending the amount.
- (iii) This policy shall be disclosed on the website on the Company.

K. EFFECTIVE DATE:

The Policy shall be effective from the date of approval of the CSR Committee of the Company.

L. AMENDMENTS:

The Policy may be reviewed and amended from time to time by the CSR Committee.

SCHEDULE- I

ANNEXURE-4

Form No. MR-3

Secretarial Audit Report

For the Financial year ended 2024-25

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members

SKYWAYS AIR SERVICES LTD

(FORMERLY KNOWN AS SKYWAYS AIR SERVICES PVT LTD)

RZ 128-129A, MAHIPALPUR EXTENSION NH-8 NA NEW DELHI DL 110037 IN

Sir,

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SKYWAYS AIR SERVICES LTD (FORMERLY KNOWN AS SKYWAYS AIR SERVICES PVT LTD)** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my Opinion thereon.

Based on our verification of the **SKYWAYS AIR SERVICES LTD (FORMERLY KNOWN AS SKYWAYS AIR SERVICES PVT LTD)** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **SKYWAYS AIR SERVICES LTD (FORMERLY KNOWN AS SKYWAYS AIR SERVICES PVT LTD)** ("The Company") for the period ended on 31-03-2025 according to the provisions of:

- I. The Companies Act, 2013 (**the Act**) and the Rules made there under;
- II. The Securities Contracts (Regulation) Act, 1956 ('**SCRA**') and the Rules made thereunder; (**Not applicable to the Company during the period**).
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('**SEBI Act**') to the extent applicable to the Company:-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (**Not applicable to the Company during the period**).
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and SEBI (Prohibition of Insider Trading) Regulations, 2015; (**Not applicable to the Company during the period**).
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; (**Not applicable to the Company during the period**).
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; (**Not applicable to the Company during the period**).

- e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (***Not applicable to the Company during the period.***)
- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and; (***Not applicable to the Company during the period.***)
- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (***Not applicable to the Company during the period.***)

We have relied on the presentation made by the Company and its officer for systems and mechanism formed by the Company for compliances under other applicable acts, laws and regulations as applicable to the Company. I have also examined compliance with the applicable clauses of the followings:

- (i) Secretarial Standards issued by the Institute of Company Secretary of India.
- (ii) The Listing Agreements entered into by the Company with the Stock Exchanges(s), (***Not applicable to the Company, as the Company is Limited Company***)

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

NOTES:

1. A member entitled to attend and vote at the meeting and is entitled to appoint a proxy to attend and vote instead of himself/herself and the proxy need not be a member of the company. The proxy form in order to effective should be duly stamped, completed and signed and must be deposited at the registered office of the company not less than 48 hours before the time for holding the aforesaid meeting. Proxy form is attached herewith.
2. Brief details of the Director, who are being appointed/reappointed as per requirements of Companies Act, 2013 and Secretarial Standard-2 are annexed hereto.
3. The Members are requested to intimate to the company about the changes in their address immediately.
4. Corporate Members intending to send their authorized representatives to attend the AGM are requested to send a certified copy of the Board Resolution to the Company, authorizing them to attend and vote on their behalf at the AGM.
5. Institutional Investors, who are members of the Company are encouraged to attend and vote at the AGM of the Company.
6. To avoid fraudulent transactions, the identity/ signature of the members holding shares in electronic/demat form is verified with the specimen signatures furnished by NSDL/CDSL and that of members holding shares in physical form is verified as per the records of the share transfer agent of the Company. Members are requested to keep the same updated.
7. The Securities Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in demat form are, therefore, requested to submit PAN with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company/ Bigshare Services Private Limited.
8. In terms of Section-101 and 136 of the Act, read with the rules made thereunder, Notice of 41st AGM along with the Annual Report is being sent through electronic mode to those members whose email addresses are registered with the Company/depositories. Members may note that the Notice and Annual Report for FY 2024-25 will also be available on the Company's website www.skyways-air.in in under "Investors" section.

However, the shareholders of the Company may request physical copy of the Notice and Annual report from the Company by sending a request at cs@skyways-group.com, in case they wish to obtain the same.

9. To receive communications through electronic means, including Annual Reports and Notices, members are requested to kindly register/ update their email address with their respective depository participant, where shares are held in electronic form. In case of shares held in physical form, members are advised to register their e-mail address with RTA. Members are requested to register their email id and support the green initiative efforts of the Company.
10. Members are requested to support our commitment to environment protection by choosing to receive the Company's communication through email going forward.
11. With a view to enable the Company to serve the members better, members who hold shares in identical names and in the same order of names in more than one folio are requested to write to the Company to consolidate their holdings in one folio.

12. Members, Proxies and Authorized Representatives are requested to bring the duly completed Attendance Slip enclosed herewith to attend the AGM.
13. Members seeking any information with regard to the accounts, are requested to write to the Company at an early date, so as to enable the Management to keep the information ready at the AGM.
14. All statutory registers and documents referred to in the accompanying Notice are open for inspection, in physical and electronic form, at the Company's Registered Office and also at the AGM.
15. This form of proxy in order to be effective should be duly completed and deposited at the Registered Office of the Company, not less than 48 hours before the commencement of the Meeting.
16. A Proxy need not be a member of the company
17. If a company receives multiple Proxies for the same holdings of a Member, the Proxy which is dated last shall be considered valid; if they are not dated or bear the same date without specific mention of time, all such multiple Proxies shall be treated as invalid.
18. In case of joint holders, the signature of any one holder will be sufficient, but names of all the joint holders should be stated.

In case of joint holders, the member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.

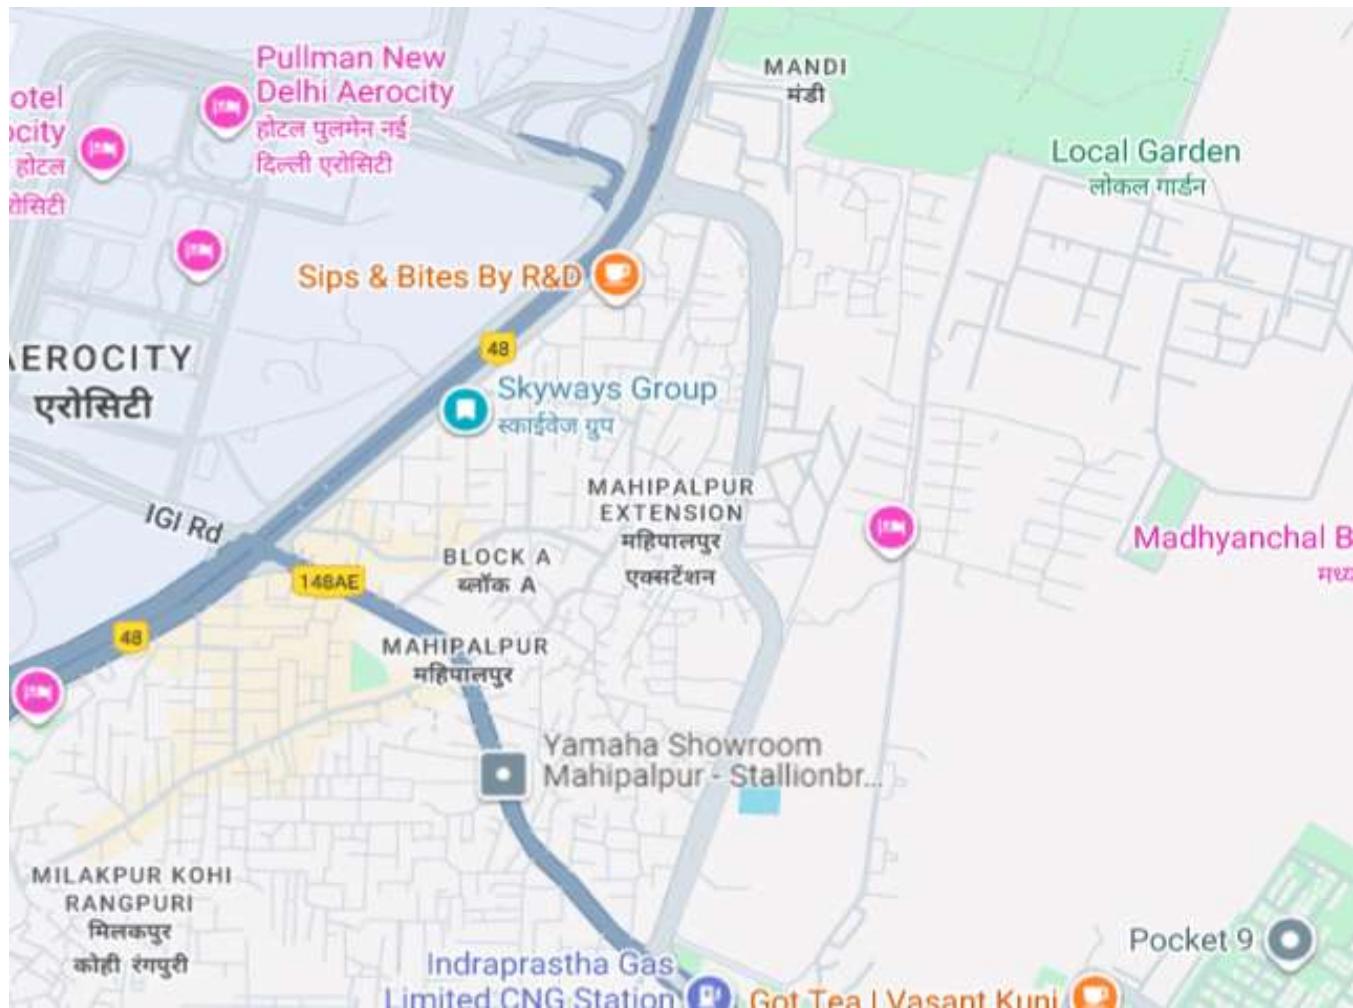

19. Members attending the AGM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
20. The route map showing directions to reach the venue of the AGM is annexed.

INDEPENDENT AUDITOR'S REPORT

**To the Members of Skyways Air Services Limited
(formerly known as 'Skyways Air Services Private Limited')**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Skyways Air Services Limited (hereinafter referred to as "the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for The Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting in preparation of Standalone Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph (i)(vi) below on reporting under Rule 11(g).
- c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including the Statement of Other comprehensive income, the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.
- h) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g).
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - refer note 34 to the standalone financial statements.
 - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company - refer note 44 to the Standalone Financial Statements.
 - iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company, or

- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party, or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv) (a) and (iv) (b) contain any material mis-statement.
- v) The interim dividend, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- vi) Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and wherever enabled, the same has operated throughout the year for all relevant transactions.

Also, in respect of software used in maintaining payroll records, as described in note 49 to the Standalone Financial Statements, in absence of service organisation controls report in respect of audit trail, we are unable to comment on whether audit trail feature of the underlying database was enabled and operated throughout the year.

Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of accounting software except that in absence of service organisation controls report, we are unable to comment on the same in respect of the software used to maintain payroll records.

Additionally, the audit trail to the extent it was enabled has been preserved by the Company as per the statutory requirements for record retention except that in absence of service organisation controls report, we are unable to comment on the same in respect of the software used to maintain payroll records.

Annexure A to the Independent Auditor's report on the Standalone Financial Statements of Skyways Air Services Limited for the year ended March 31, 2025

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company, except for the following properties;

Description of property	Gross carrying value (INR lacs)	Held in name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of company
Land	850.00	Nathu Singh, Hari Chand and Jagpal Singh	No	Since February 13th, 2024	The Company has acquired possession of these properties based on agreements to sell, general powers of attorney and consent letters duly executed. However, as these properties fall under the category of 'Lal Dora' lands, which may be subject to certain regulatory restrictions relating to transfer. (Refer note 3 of standalone financial statements)

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment (including right-of-use assets) during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) As disclosed in note 20 to the Standalone Financial Statements, the company has been sanctioned working capital and cash credit limits in excess of Rs. Five crores in aggregate from bank on the basis

of security of current assets of the company. Based on the records examined by us in the normal course of audit of financial statements, the quarterly returns/statements filed by the Company with such banks are not in agreement with the unaudited books of account of the Company on account of timing difference in reporting to the banks and routine book closure process of the Company and the details where are as follows:

(INR lacs)

Class of Assets/ Liabilities	Quarter ended	Amount as per books of accounts (A)	Amount as reported in the quarterly return / statement (B)	Discrepancy (A-B)
Trade Receivable	June 30, 2024	21,728.27	21,788.45	(60.18)
Trade Receivable	September 30, 2024	21,040.49	23,304.95	(2,264.46)
Trade Receivable	December 31, 2024	19,730.05	21,760.64	(2,030.59)
Trade Receivable	March 31, 2025	21,004.43	22,515.39	(1,510.96)
Trade Payable	June 30, 2024	13,834.57	6,555.30	7,279.27
Trade Payable	September 30, 2024	13,938.45	7,376.71	6,561.74
Trade Payable	December 31, 2024	12,285.74	7,093.76	5,191.98
Trade Payable	March 31, 2025	14,452.72	6,547.74	7,904.98

(iii) (a) During the year, the Company has provided loans to its employees and other related parties, security and stood corporate guarantees to banks on behalf of its related parties as follows:

Particulars	Loans INR in Lacs	Guarantees INR in Lacs
Aggregate amount granted/ provided during the year - Subsidiaries - Other (Loan to employees)	10,172.39 55.57	10,239.81 -
Balance outstanding as at balance sheet date in respect of above cases - Subsidiaries - Other (Loan to employees)	1,019.91 41.05	20,439.81 -

Apart from above, during the year, the Company has not provided loans, advances in the nature of loans to companies, firms, Limited Liability Partnerships, any other parties and hence not commented upon.

(b) During the year, the investments made, guarantees provided and loans given to its employees, terms and conditions under which investments were made, guarantees provided and loans given to employees and related parties were not, *prima facie*, prejudicial to the Company's interest.

(c) In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated, except for loans granted to its subsidiaries where schedule for repayment of principal has not been prescribed (as such loans are repayable on demand). Hence, we are unable to make a specific comment on the regularity of repayment of principal. In respect of loan granted to its employees, the schedule of repayment of principal and payment of interest are stipulated, and receipts are regular.

(d) There are no amounts of loans granted by the Company, which were overdue for more than ninety days.

(e) The Company has granted loan which had fallen due during the year and were repaid on or before the due date. Further, no fresh loans were granted to any party to settle the overdue loans.

(f) As disclosed in note 16 to the financial statements the Company has granted loans which are repayable on demand as stated below to related parties (i.e. subsidiary companies) as defined in clause (76) of section 2 of the Companies Act, 2013.

Particulars	Amount (INR Lacs)
Aggregate amount of loans	
- Repayable on demand	1,019.91
- Percentage of loans to the total loans	96.13%

- (iv) Loans, investment, securities and guarantees in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable have been complied with by the Company.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 in respect of Company's products/business activity. Accordingly, clause 3(vi) of the Order is not applicable.
- (vii)(a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-tax, Duty of Customs, Cess and other material statutory dues have generally been regularly deposited with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of GST, Provident fund, Employees' State Insurance, Income-tax, Duty of Customs, Cess and other material statutory dues were in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, the following demands have not been deposited by the Company on account of disputes.

Name of statute	Nature of dues	Amount of demand under protest (INR lacs)	Amount Paid under protest	Period to which the amount relates (Financial year)	From where dispute is pending
Income Tax Act, 1961	Disallowance and addition to taxable income	95.93	95.93	2017-2018	CIT(A)
Goods and Services Act, 2017	Goods and services tax on 'Other charges'	171.15	7.78	2017-2018	Appellate Authority
Goods and Services Act, 2017	Goods and services tax on 'Other charges'	1,027.32	51.37	2018-2019	Appellate Authority
Goods and Services Act, 2017	Goods and services tax on 'Other charges'	1,004.26	54.58	2019-2022	Appellate Authority
Goods and Services Act, 2017	Goods and services tax on 'Other charges'	414.96	25.00	2020-2021	Appellate Authority
Goods and Services Act, 2017	Goods and services tax on 'Other charges'	592.28	40.02	2021-2022	Appellate Authority
Goods and Services Act, 2017	Goods and services tax on 'Other charges'	440.38	32.62	2022-2023	Appellate Authority

- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.
- (ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- (c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained.
- (d) In our opinion and according to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that funds raised by the Company on short term basis have not been utilised for long term purposes.
- (e) According to the information and explanations given to us and on overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associates. The company does not have any joint ventures.
- (f) According to the information and explanations given to us, the Company has raised loans during the year on the pledge of securities held in its subsidiaries as per details below. Further the Company has not defaulted in repayment of such loans raised.

Nature of loan taken	Name of lender	Amount of loan	Name of the subsidiary	Details of security pledged
Term Loan	Bajaj Finance Limited	1,125.00 lacs	Rahat Continental Private Limited	12,461 Equity shares in Rahat Continental Private Limited

- (x)(a) The Company has not raised any moneys by way of initial public offer or further public offer (Including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has made private placement of shares. In our opinion and according to the information and explanations given to us, the Company has complied with the requirements of section 42 and section 62 of the Act and the Rules framed thereunder with respect to the same. Further, the amounts so raised were used for the purposes for which the funds were raised, though idle/surplus funds which were not required for immediate utilisation have been invested in readily realisable liquid investments.
- (xi)(a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.

- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable Indian Accounting Standards.
- (xiv)(a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
 - (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi)(a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.
 - (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.
 - (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
 - (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- (xvii) The Company has not incurred cash losses in the current financial year and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) According to the information and explanations given to us, the Company does not have any unspent amount in respect of any ongoing or other than ongoing project as at the expiry of the financial year and accordingly, reporting under clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the Standalone Financial Statements of Skyways Air Services Limited for the year ended March 31, 2025

Report on the internal financial controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Skyways Air Services Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company as at and for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness.

Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at March 31, 2025, based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

46 First-time adoption of Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS. The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended March 31, 2025, March 31, 2024 and in the preparation of an opening Ind AS balance sheet at April 01, 2023 (the Company's date of transition).

For all periods upto and including the year ended March 31, 2024, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) and complied with accounting standards as notified under Section 133 of the Companies Act 2013, read together with rule 7 of the Companies (Accounts) Rules, 2014 ('previous GAAP' or 'IGAAP') to the extent applicable and the presentation requirements of the Companies Act, 2013.

The transition of Ind AS was carried out in accordance with Ind AS 101, with April 01, 2023 being the date of transition. This note explains the exemptions on the first-time adoption of Ind AS availed in accordance with Ind AS 101 and an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Exemptions availed and mandatory exceptions

Ind AS 101 'First-time Adoption of Indian Accounting Standards' allows first-time adopters certain exemptions from retrospective application of certain requirements under Ind AS. Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A) Ind AS optional exemptions

A.1 Investments in subsidiaries, joint ventures and associates

Ind AS 101 permits a first-time adopter to measure its investments in subsidiaries, joint ventures and associates at deemed cost. The deemed cost of such an investment shall be either (a) its fair value at the date of transition; or (b) previous GAAP carrying amount at that date. Either (a) or (b) can be chosen to measure the investment in each subsidiary, joint venture or associate, that it elects to measure using a deemed cost.

A.2 Carrying value as deemed cost for property, plant and equipment

Ind AS 101 permits, where there is no change in the functional currency on the date of transition to Ind ASs, a first time adopter to Ind AS may elect to continue with the carrying value for all of its property, plant and equipment defined as per IND AS 40 as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and use that as its deemed cost as at the date of transition except to the extent of capitalisation of the government grant as at transition date.

Accordingly, the Company was required to use the carrying value for all of its property, plant and equipment on the date of transition and designate the same as deemed cost on the date of transition. However, the company has used the carrying value for all its property, plant and equipment as on March 31, 2023, as per the restated financial statements approved by the Board of Directors in their meeting held on June 23, 2025 and designated the same as deemed cost on the date of transition i.e., April 01, 2023. There is no material impact on the other equity as at April 01, 2023.

A.3 Right of use assets and Lease liabilities

Ind AS 116 permits a first time adopter to apply this standard to its leases either retrospectively to each prior reporting period presented applying Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors; or retrospectively with the cumulative effect of initially applying the Standard recognised at the date of initial application.

Accordingly, the Company has opted to represent the Right of use assets and lease liabilities retrospectively to each prior reporting period presented.

B) Ind AS mandatory exceptions

B.1 Accounting estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were an error.

Ind AS estimates as at April 01, 2023 are consistent with the estimates as at the same date made in conformity with previous GAAP except for 'other adjustments' as below.

B.2 De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

B.3 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortised cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

Accordingly, the Company has determined the classification of financial assets bases on facts and circumstances that exist on the date of transition. Measurement of the financial assets accounted at amortised cost has been done retrospectively except where the same is impracticable.

a. Reconciliation of other equity between Ind AS and previous GAAP :

As at March 31, 2024:

Particulars	Notes	General Reserve	Retained Earnings	Security Premium Reserve	Total
Other equity as per previous GAAP		129.11	11,718.70	534.42	12,382.23
Adjustments

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025****1 Corporate information**

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited) ("hereinafter referred to the Company") was incorporated on December 21, 1984. The registered office of the Company is located at RZ 128-129A, Mahipalpur Extension, NH-8, New Delhi-110037, India.

The company is engaged in providing integrated logistics solutions other specialised logistics services and logistics operations. The Company has converted from Private Limited Company to Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company held on March 29, 2025 and consequently the name of the Company has been changed to Skyways Air Services Limited pursuant to a fresh certificate of incorporation by the Registrar of Companies on May 05, 2025.

The financial statements for the year ended March 31, 2025 are approved by the Board of Directors in its meeting held on September 08, 2025.

2 Summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these Indian Accounting standards (Ind-AS) financial statements. These policies have been consistently applied to all the years.

2.01 Statement of compliance and basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosure requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) as amended and other relevant provisions of the Act and accounting principles generally accepted in India.

'The financial statements are presented in INR and all values are rounded to the nearest lacs, except when otherwise stated.

2.02 Basis of presentation and preparation of separate financial statements

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 'Leases' and measurements that have some similarities to fair value but are not fair value or value in use in Ind AS 36 'Impairment of Assets'.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.03 Basis of measurement

The financial statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting.

2.04 Recent accounting pronouncement

The Ministry of Corporate Affairs has amended the Companies (Indian Accounting Standards) Rules, 2015. These amendments are as follows:

(i) Lease liability in sale and leaseback transaction- Amendments to Ind AS 116:

The amendment to Ind AS 116 introduces new guidance for seller-lessees in sale and leaseback transactions. It specifies that after the commencement date, seller-lessees must apply certain paragraphs to the right-of-use asset and lease liability, ensuring no gain or loss is recognized for the right of use retained. Additionally, the amendment includes new paragraphs in Appendix C, effective from April 1, 2024, requiring retrospective application to relevant transactions. This aims to standardize the accounting treatment and enhance clarity in financial reporting for these transactions.

(ii) Introduction of new Ind AS 117, Insurance contracts:

The amendment introduced new Ind AS 117, which provides comprehensive guidance on the accounting for insurance contracts. This new standard is to apply for annual reporting periods starting on or after April 1, 2024. Ind AS 117 aims to enhance transparency and comparability in financial statements by standardising the recognition, measurement, presentation, and disclosure of insurance contracts.

The amendments had no significant impact on the Company's summary statements.

2.05 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- ▶ Expected to be realised or intended to be sold or consumed in normal operating cycle
- ▶ Held primarily for the purpose of trading
- ▶ Expected to be realised within twelve months after the reporting period, or
- ▶ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- ▶ It is expected to be settled in normal operating cycle
- ▶ It is held primarily for the purpose of trading
- ▶ It is due to be settled within twelve months after the reporting period, or
- ▶ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Current assets/liabilities include current portion of non-current financial assets/liabilities respectively. All other assets/ liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.06 Functional and presentation currency

These financial statements are presented in Indian rupee (INR), which is the functional currency of the Company.

2.07 Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer, at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The company has concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customers.

Performance obligation

At contract inception, the Company assess the goods and services promised in contracts with customers and identifies various performance obligations to provide distinct goods and services to the customers.

The transaction price of services rendered is net of variable consideration on account of various elements like discounts etc. offered by the Group as part of the contract.

Sale of services

Revenue from multimodal transport services rendered are recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of various discounts offered by the company as part of the contract.

Interest

Interest income is recognised when it is probable that the economic benefits will flow to the company and amount of income can be measured reliably. Interest income is included under the head "other income" in the standalone statement of profit and loss.

2.08 Cash flow statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit/loss before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.09 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, wherever applicable. Items such as spares are capitalized when they meet the definition of property, plant and equipment.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, on initial recognition, expenditure to be incurred towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

Subsequent costs and disposal

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within other income/other expenses in statement of profit and loss.

Capital work in progress

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025*****Depreciation and amortisation***

Depreciation on Property, plant and equipment has been provided on the straight-line method (SLM) to allocate their cost, net of their residual values, as per useful life prescribed in Schedule II to the Act. Management's assessment of independent technical evaluation/advice takes into account, inter alia, the nature of the assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement and maintenance support. The depreciation method, asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period prospectively.

Depreciation on tangible fixed assets has been provided on the straight line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of mobile phones in which case life of the asset is considered to be 2 years. Leasehold land is amortized on a straightline basis over the unexpired period of the leases.

Additions on account of insurance spares, additions/extensions forming an integral part of existing plants and the revised carrying amount of the assets identified as impaired, are depreciated over residual life of the respective asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in statement of profit. Depreciation methods, useful lives and residual values are reviewed at each financial year and changes in estimates, if any, are accounted for prospectively.

2.11 Investment properties

Property that is held for long term rental yields or for capital appreciation or for both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an external independent valuer applying a valuation model as per Ind AS 113 "Fair value measurement".

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal.

The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of derecognition.

The Company depreciates building component of investment property over 60 years.

Transfer of property from investment property to the property, plant and equipment is made when the property is no longer held for long term rental yields or for capital appreciation or both at carrying amount of the property transferred.

2.12 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortised over their estimated useful life. Software is amortised using the straight-line method over the estimated useful life of three years or the tenure of the respective software license, whichever is lower.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is revised to reflect the changed pattern, if any.

Subsequent costs and disposal

Subsequent expenditure related to an item of an intangible assets is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

2.13 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of all of its tangible and intangible assets to determine whether there is any indication based on internal/ external factors that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the assets (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

Borrowing costs directly relating to the acquisition, construction or production of a qualifying capital project under construction are capitalised and added to the project cost during construction until such time that the assets are substantially ready for their intended use i.e. when they are capable of commercial production. Where funds are borrowed specifically to finance a project, the amount capitalised represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance a project, the income generated from such current investments is deducted from the total capitalized borrowing cost. Where the funds used to finance a project form part of general borrowings, the amount capitalised is calculated using a weighted average of rates applicable to relevant general borrowings of the company during the year. Capitalisation of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

2.14 Foreign currency transactions and translations

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

Transactions in currencies other than the functional currency are translated into the functional currency at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined.

All exchange differences are included in statement of profit and loss except any exchange differences on monetary items designated as an effective hedging instrument of the currency risk of designated forecasted sales or purchases, which are recognized in the other comprehensive income.

2.15 Non-current assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense. Any expected loss is recognized immediately in the statement of profit and loss.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025**

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the assets is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

The Company treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset
- An active programme to locate a buyer and complete the plan has been initiated (if applicable)
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.
Assets and liabilities classified as held for sale are presented separately as current items in the balance sheet.

2.16 Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to statement of profit & loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

2.17 Retirement and other employee benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

The Company has a defined benefit plan (the "Gratuity Plan"). The Gratuity Plan provides a lump sum payment to employees who have completed five years or more of service at retirement, disability or termination of employment, being an amount based on the respective employee's last drawn salary and the number of years of employment with the Company.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The interest cost is calculated by applying the discount rate to the balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

The liability or asset recognised in the balance sheet in respect of gratuity plan is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025****Long-term employee benefits**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date on the basis of actuarial valuation.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and are never reclassified to statement of profit and loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit and loss as past service cost.

2.18 Investment in Subsidiaries, associates and joint ventures

A subsidiary is an entity that is controlled by another entity. An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The Company's investments in its subsidiaries, associates and joint ventures are accounted at cost less impairment

The Company's investment in subsidiaries, associates and Joint venture are carried at cost less impairment as per IND AS 27. The Company regardless of the nature of its involvement with an entity (the investee), determines whether it is a parent by assessing whether it controls the investee. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Company reviews its carrying value of investments carried at cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is recorded in the Statement of Profit and When an impairment loss subsequently reverses, the carrying amount of the Investment is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the cost of the Investment. A reversal of an impairment loss is recognised immediately in Statement of Profit or Loss.

The Company considers investment in an entity as a joint venture whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

2.19 Dividend

The Company recognizes a liability to pay dividend to equity holders of the Company, when the distribution is authorised and the distribution is no longer at the discretion of the Comapny. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.20 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company's lease asset classes primarily comprise of lease for land and building. The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the building (i.e. 30 and 60 years)

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 'Impairment of non-financial assets'.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

(iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor:

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Determining whether an arrangement contains a lease

An arrangement, which is not in the legal form of a lease, should be accounted for as a lease, if:

- i) fulfilment of the arrangement is dependent on the use of a specific asset or assets (the asset); and
- ii) the arrangement conveys a right to use the asset.

At inception of an arrangement, the Company determines whether the arrangement is or contains a lease.

At inception or on reassessment of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If it is impracticable to separate the payments reliably, then a finance lease receivable is recognised at an amount equal to the fair value of the underlying asset; subsequently, the receivable is reduced as payments are made and a finance income is recognised using the interest rate implicit in the lease.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis over the lease term.

2.21 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing performance of the operating segments.

2.22 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.23 Taxes on income

Income tax expense comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates items recognised directly in equity or in Other Comprehensive Income.

Current income tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset only if, the Company:

- i) has a legally enforceable right to set off the recognised amounts; and
- ii) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is provided using the Balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.24 Provisions and contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as Contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

2.25 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.26 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through statement of profit and loss are recognised immediately in statement of profit and loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost less impairment loss (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025****Amortised cost and effective interest method**

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the Statement of Profit and Loss.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss is included in the 'other gains and losses' line item.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

Impairment of financial assets

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025****Derecognition of financial assets**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the standalone financial statements for the period ended March 31, 2025**

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'other gains and losses' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in statement of profit and loss. The remaining amount of change in the fair value of liability is recognised in statement of profit and loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are not subsequently reclassified to statement of profit and loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in statement of profit and loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in the 'other gains and losses' line item in the statement of profit and loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

Derivative financial instruments

The Company uses derivative forward contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

2.27 Operating cycle

Based on the nature of the operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

2.28 Critical accounting judgements and key sources of estimation uncertainty

The preparation of these financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following accounting policies and/or notes:

Critical estimates and judgements in applying accounting policies

The following are the critical judgements, apart from those estimations that the management has made in the process of applying the Company Accounting Policies and that have most significant effect on the amounts recognised in the financial statements.

Provisions and contingencies

The significant capital commitments in relation to various capital projects are not recognized in the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

Fair value measurement of financial instruments

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The fair values of financial assets and financial liabilities recorded in the balance sheet in respect of which quoted price in active markets are available are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial

Impairment of assets

In assessing the property, plant and equipment and intangible assets for impairment, factors leading to significant reduction in profits such as changes in commodity prices, the Company's business plans and changes in regulatory environment are taken into consideration. The carrying value of the assets of a cash generating unit (CGU) is compared with the recoverable amount of those assets, that is, the higher of fair value less costs of disposal and value in use. Recoverable value is based on the management estimates of commodity prices, market demand and supply, economic and regulatory climates, long-term plan, discount rates and other factors. Any subsequent changes to cash flow due to changes in the abovementioned factors could impact the carrying value of the assets.

Useful life of property, plant and equipment and intangible assets

Property, plant and equipment and intangible assets as disclosed above are depreciated over their useful economic lives. Management reviews the useful economic lives at least once a year and any changes could affect the depreciation rates prospectively and hence the asset carrying values. The Company also reviews its property, plant and equipment, for possible impairment if there are events or changes in circumstances that indicate that carrying values of the assets may not be recoverable. In assessing the property, plant and equipment for impairment, factors leading to significant reduction in profits such as changes in commodity prices, the Company's business plans and changes in regulatory environment are taken into consideration.

The carrying value of the assets of a cash generating unit (CGU) is compared with the recoverable amount of those assets, that is, the higher of fair value less costs of disposal and value in use. Recoverable value is based on the management estimates of commodity prices, market demand and supply, economic and regulatory climates, long-term plan, discount rates and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact the carrying value of the assets.

Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Company. A tax provision is recognised when the Company has a present obligation as a result of a past event, it is probable that the Company will be required to settle that obligation.

Where it is management's assessment that the outcome cannot be reliably quantified or is uncertain the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

When considering the classification of a legal or tax cases as probable, possible or remote there is judgement involved. This pertains to the application of the legislation, which in certain cases is based upon management's interpretation of country specific tax.

2.29 Key sources of estimation uncertainty

(a) Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The Board of directors of the Company has designated the Chief Financial Officer of the Company determines the appropriate valuation techniques and inputs for fair value measurements.

(b) Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The firm establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

(c) Impairment of Financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. the firm uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on firm's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(d) Impairment of non-Financial assets

The firm assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the firm estimates the asset's recoverable amount. An assets recoverable amount is the higher of an asset's CGU'S fair value less cost of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or firm's of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use , the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

2.30 Standards issued but not effective

There are no standards that are issued but not yet effective on March 31, 2025.

Fair Value Hierarchy

The Company has no restrictions on the realisability of its investment property and no contractual obligation to purchase, construct or develop or for repair & maintenance.

Description of Valuation Technique used:

The Company obtained independent valuations of its investment properties as at the year ended March 31, 2025. The fair value of the investment properties have been derived using the direct comparison method. The direct comparison method involves a comparison of the investment properties to similar properties that have actually been sold on arm-length basis or are offered for sale in the same region. This approach demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market, and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis. This approach leads to a reasonable estimation of the prevailing price. Given that the comparable instances are located in close proximity to the investment properties; these instances have been assessed for their locational comparative advantages and disadvantages while arriving at the indicative price assessment for investment properties.

These valuations are based on valuations performed by an accredited independent valuer who is a specialist in valuing these types of investment properties and is a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017. A valuation model in accordance with that recommended by the international valuation standards committee has been applied.

Sensitivity analysis of the investment property fair value assumptions

Further the Company performs sensitivity analysis on the assumptions used by the valuer and ensures that the valuation of investment property is appropriate.

The Company undisputedly possessed the title deeds for all properties held by the Company, presented under freehold land and Building' in the above schedule.

	11,242.59	1,043.65	1,043.65

Notes:

(i) Rights, preferences and restrictions attached to Equity Shares

The Company has only one class of equity shares having a par value of INR 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, holder of equity shares will be entitled to receive remaining assets of the Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(ii) Reconciliation of the number of shares and amount outstanding at the beginning and at the end of the year:

Issued equity capital

Particulars	As at March 31, 2025		As at March 31, 2024		As at April 01, 2023	
	Number	Amount	Number	Amount	Number	Amount
Equity shares outstanding at the beginning of the year	1,04,36,480	1,043.65	1,04,36,480	1,043.65	2,18,750	218.75
Add : Issued during the year (refer note (vii) and (viii) below)	10,19,89,438	10,198.94	-	-	8,24,898	824.90
Equity shares outstanding at the end of the year	11,24,25,918	11,242.59	1,04,36,480	1,043.65	10,43,648	1,043.65

(iii) Shares held by each shareholder holding more than 5 percent shares:

Equity shares	As at March 31, 2025		As at March 31, 2024		As at April 01, 2023

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)
CIN: U74899DL1984PLC019666
Notes forming part of the standalone financial statements for the year ended March 31, 2025
All amounts are in INR lacs unless otherwise stated

	<u>As at March 31, 2025</u>	<u>As at March 31, 2024</u>	<u>As at April 01, 2023</u>
19 Other equity			
General reserve (refer note 19.1)	-	129.11	129.11
Securities premium (refer note 19.2)	5,946.84	534.42	534.42
Retained earnings (refer note 19.3)	5,440.67	11,336.10	8,911.95
	11,387.51	11,999.63	9,575.48
	As at March 31, 2025	As at March 31, 2024	

19.1 General reserve

Balance at the beginning of the year	129.11	129.11
Transferred from retained earnings	-	-
Less : Issue of bonus shares	(129.11)	-
Balance at the end of the year	-	129.11

Nature and purpose of reserve:

Under the erstwhile Companies Act 1956, General Reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to General Reserve has been withdrawn. However, the amount previously transferred to General Reserve can be utilised only in accordance with provisions of the Companies Act, 2013.

19.2 Securities premium

	<u>As at March 31, 2025</u>	<u>As at March 31, 2024</u>
Balance at the beginning of the year	534.42	534.42
Add : Premium on issue of equity shares through private placement	6,771.34	-
Less : Issue of bonus shares	(534.42)	-
Less : Share Issue Expenses on issue of shares through private placement	(824.50)	-
Balance at the end of the year	5,946.84	534.42

Nature and purpose of reserve:

Securities premium is used to record premium on issue of shares. The reserves can be utilised only for limited purposes in accordance with provisions of the Companies Act, 2013.

19.3 Retained earnings

Balance at the beginning of the year	11,336.10	8,911.95
Profit for the year	3,264.87	2,603.08
Other comprehensive income/(loss)	(13.54)	(28.93)
Issue of bonus shares	(8,729.30)	-
Interim Dividend paid on equity shares	(417.46)	(150.00)
Share Issue Expenses	-	-
Balance at the end of the year	5,440.67	11,336.10

Nature and purpose of reserve:

Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

The amount that can be distributed by the Company as dividends to its equity shareholders, is determined based on the requirements of Companies Act, 2013. Thus, the amounts reported above are not distributable in entirety.

D. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC01966****Notes forming part of the standalone financial statements for the year ended March 31, 2025****All amounts are in INR lacs unless otherwise stated****35 Gratuity and other post-employment benefit plans**

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below :

a. Contribution to Defined Contribution Plan, recognised as expense for the year is as under:

The Company makes contributions towards provident fund and employee state insurance scheme to a defined contribution retirement benefit plan for qualifying employees. The Company's contribution to the Employees Provident Fund and Employees State Insurance scheme is deposited with the Regional Provident Fund Commissioner. Under the scheme, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefits.

During the year, the Company has recognised INR 113.59 Lacs (March 31, 2024: INR 107.97 lacs) for Employer's contributions to the Provident Fund and INR 4.19 Lacs (March 31, 2024: INR 5.50 lacs) for Employee State Insurance Scheme contribution in the Statement of Profit and Loss. The contribution payable to the plan by the Company is at the rate specified in rules to the scheme.

b. Defined benefit plan – Gratuity plan

The gratuity liability arises on retirement, withdrawal, resignation and death of an employee. The aforesaid liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary) for each completed year of service subject to completion of five years service.

(i) Risks associated with Plan Provisions

Risks associated with the plan provisions are actuarial risks. These risks are:- (i) investment risk, (ii) interest rate risk (discount rate risk), (iii) mortality risk and (iv) salary growth risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.
Interest rate risk (discount rate risk)	A decrease in the bond interest rate (discount rate) will increase the plan liability
Mortality risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report we have used Indian Assured Lives Mortality (2012-14) ultimate table. A change in mortality rate will have a bearing on the plan's liability.
Salary growth risk	The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2025. The present value of defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

(ii) Principal actuarial assumptions:

Principle actuarial assumption used to determine the present value of the benefit obligation are as follows:

S. Particulars No.	Refer note below	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
i. Discount rate (p.a.)	1	6.99%	7.22%	7.36%
ii. Rate of return on assets	2	7.22%	7.36%	7.18%
iii. Salary escalation rate (p.a.)	3	6.00%	6.00%	6.00%

Notes

- 1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of obligations.
- 2 The expected return is based on the expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.
- 3 The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
--	-------------------------	-------------------------	-------------------------

(iii) Demographic assumptions:

Retirement age	58	58	58
Mortality rate	100% of IALM (2012 - 14)	100% of IALM (2012 - 14)	100% of IALM (2012 - 14)
Average outstanding service of	24.07	23.56	23.74
Number of employees	374	420	510
Attrition rate			
- Service up to 30 years	3%	3%	3%
- Service from 31 years to 44 years	2%	2%	2%
- Service above 44 years	1%	1%	1%

The following tables set out the funded status of the gratuity plan and amounts recognised in the Company's financial statements:

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the standalone financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

a. Amounts recognised in the statement of profit and loss in respect of these defined benefits plans are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Current service cost	44.25	43.35	45.62
Net interest expenses	4.95	5.28	0.79
Components of defined benefit costs recognised in statement of profit and loss	49.20	48.63	46.41

b. Remeasurement (gain)/ loss recognised in other comprehensive income/

Particulars	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Add: Actuarial (gains)/losses due to change in demographic assumptions	-	-	-
Add: Actuarial (gains)/losses due to change in financial assumptions	9.75	5.39	(6.68)
Add: Actuarial (gains)/losses due to change in experience variance	10.94	32.94	29.74
Less: Actuarial gains/(losses) due to change in plan assets	2.60	(0.33)	(2.41)
Component of defined benefit costs recognised in other comprehensive income	18.09	38.66	25.47

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' in the statement of profit and loss. The remeasurement of the net defined benefit liability is included in the other comprehensive income.

c. Net defined benefit asset/ (liability) recognised in the balance sheet :

Particulars	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Present value of defined benefit obligation	363.48	379.34	376.07
Less : Fair value of plan assets	342.56	310.77	304.19
Funded status - deficit	20.92	68.57	71.88
Current portion (refer note 23)	-	-	-
Non-current portion (refer note 23)	20.92	68.57	71.88

d. Movement in the fair value of the defined benefit obligation:

Particulars	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Opening defined benefit obligation	379.34	376.07	334.23
Current service cost	44.25	43.35	45.62
Past Service Cost	-	-	-
Interest cost	27.39	27.68	24.00
Actuarial (gain)/loss on obligation	20.69	38.33	23.06
Acquisition adjustment			
- In	0.21	0.08	-
- Out	(46.58)	(54.69)	-
Benefits paid	(61.82)	(51.47)	(50.84)
Closing defined benefit obligations	363.48	379.34	376.07

e. Movement in the fair value of the plan assets are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Opening fair value of plan assets	310.77	304.19	323.32
Expected return on plan assets	22.44	22.38	23.20
Contributions received	68.57	36.00	10.91
Benefits paid	(61.82)	(51.47)	(50.84)
Actuarial gain / (loss)	2.60	(0.33)	(2.41)
Closing fair value of plan assets	342.56	310.77	304.19

The plan assets of the Company managed through trusts namely Skyways Air Services Pvt Ltd Employees Group Gratuity Trust ("the trusts"). The trusts have taken Group Gratuity Scheme which is administered by Life Insurance Corporation ("LIC") of India. The plan assets of the Company are managed through the trusts. The details of investments relating to these assets are not shown by them. Hence, the composition of each major category of plan assets, the percentage or amount that each major category constitutes to the fair value of the total plan assets has not been disclosed.

Broad categories of plan assets as a percentage of total assets	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Insurer managed funds	100.00%	100.00%	100.00%
	100.00%	100.00%	100.00%

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the standalone financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

f. Sensitivity analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period/year, while holding all other assumptions constant.

Particulars	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
(i). Impact of change in the discount rate			
a) Impact Due to Increase of	(20.93)	(18.88)	(18.09)
b) Impact Due to Decrease of	22.89	20.62	19.73
(ii). Impact of change in the Salary Increase			
a) Impact Due to Increase of	19.42	16.91	15.92
b) Impact Due to Decrease of	(17.88)	(15.57)	(14.71)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit liability recognised in the Balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

g. The expected maturity analysis of undiscounted defined benefit obligation is as follows:

Expected cash flows over the next	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Within the next 12 months	10.86	52.74	47.83
Between 2 and 5 years	49.23	65.03	79.44
More than 5 years	303.38	261.56	248.79

h. Expected Company contributions for the next year

i. Actuarial assumptions on compensated absences

S. No. Particulars	Refer note below	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
i. Discount rate (p.a.)	1	6.99%	7.22%	7.36%
ii. Salary escalation rate (p.a.)	3	6.00%	6.00%	6.00%

Notes

1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of obligations.

2 The compensated absences plan is unfunded.

3 The estimates of future salary increase considered takes into account the inflation, seniority, promotion and other relevant factors.

36 Capital Management

For the purposes of Company's capital management, Capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company's capital management is to safeguard its ability to continue as going concern and to ensure that it maintains an efficient capital structure and maximize shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025, March 31, 2024 and April 01, 2023. Capital gearing ratio is net debt including lease liability divided by total capital plus net debt and Net debt is calculated as loans and borrowings less cash and cash equivalent.

The following table summarizes the capital structure of the Company:

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Debt including lease liability (a)	38,282.28	27,187.36	13,124.96
Cash and cash equivalents (Note 14) (b)	7,449.58	5,275.78	3,177.91
Total Cash (b)	7,449.58	5,275.78	3,177.91
Net debt (c = (a-b))	30,832.70	21,911.58	9,947.05
Total equity	22,630.10	13,043.28	10,619.13
Capital and net debt	53,462.80	34,954.86	20,566.18
Gearing ratio (net debt/capital and net debt)	57.67%	62.69%	48.37%

37 Financial Instruments

A. Financial risk management objective and policies

The carrying value and fair value of financial instruments by categories were as follows:

Financial assets and liabilities:

The accounting classification of each category of financial instruments, and their carrying amounts, are set out below:

	As at March 31, 2025	FVTPL	FVTOCI	Amortised Cost	Total carrying value	Total fair value
Financial assets						
Investments	2,657.38	-	-	-	2,657.38	2,657.38

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the standalone financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

B. Fair value measurements

The management assessed that cash and cash equivalents, other bank balances, trade receivables, trade payables, borrowings, other current financial assets, loans and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the other financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1) The fair value of unquoted instruments, loans from banks, other non-current financial assets and non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

2) The fair values of the Company's interest-bearing borrowings are determined by using effective interest rate (EIR) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2025 was assessed to be insignificant.

3) Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

4) Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

	Fair value as at			Fair value hierarchy (Level)	Valuation techniques and key inputs
	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023		
Financial assets					
Investments in mutual funds	2,657.38	1,952.36	-	Level 1	see note i below
Total Financial assets	2,657.38	1,952.36	-		
Financial Liabilities					
Borrowings	37,692.12	26,610.19	12,416.34	Level 3	see note ii below
Total Financial Liabilities	37,692.12	26,610.19	12,416.34		

Note:

i. Investment in mutual funds traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Fair value of the financial assets and liabilities that are not measured at fair value (but fair value disclosures are required)

The management considers that the carrying amounts of financial assets and financial liabilities recognised in the financial statement approximates their fair values.

ii. In the absence of observable inputs to measure fair value the assets and liabilities have been classified as level 3. The Company has not given further disclosures since the amount involved is not material.

The management considers that the carrying amounts of financial assets and financial liabilities having short term maturities recognised in the financial statement approximates their fair values.

Risk management objectives

Risk management framework

The Company has exposure to the following risks arising from financial instruments:

- Market risk
- Liquidity risk
- Credit risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

a) Market risk :

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks. Financial instruments affected by market risks include loans and borrowings, deposits, investments, and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2025, March 31, 2024 and April 01, 2023.

(i) Price risk

The Company manages surplus funds through investments in mutual fund plans. The NAV declared by Asset Management Companies (AMC) has generally remained constant on the mutual fund plans taken by the Company. However, if the NAV of the fund is increased/decreased by 5%, the sensitivity analysis has been mentioned below:

	As at	Closing balance	Impact on profit or loss 5% increase	Impact on profit or loss 5% decrease
Investments in mutual funds (Impact on profit and loss)	March 31, 2025	2,657.38	132.87	(132.87)
Investments in mutual funds (Impact on profit and loss)	March 31, 2024	1,952.36	97.62	(97.62)
Investments in mutual funds (Impact on profit and loss)	April 01, 2023	-	-	-

(ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the standalone financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR, JPY, NPR, AED, AUD, CHF, HKD, DKK, GBP & SGD exchange rates, with all other variables held constant. The impact on the Company profit before tax and equity is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the Company that have not been hedged by a derivative instrument or otherwise are as under:

Nature	Currency	As at		Impact on profit before tax and equity	
		March 31, 2025	Foreign Currency in Lacs.	Indian Rupees in Lacs.	1% increase in Lacs.

(iii) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As majority of the financial assets and liabilities of the Company are either non-interest bearing or fixed interest bearing instruments, the Company's net exposure to interest risk is as follows:-

		As at		Impact on profit or loss	
			Closing balance	1% increase	1% decrease
Borrowings (Impact on profit and loss)		March 31, 2025	35,391.36	(353.91)	353.91
Borrowings (Impact on profit and loss)		March 31, 2024	23,716.52	(237.17)	237.17
Borrowings (Impact on profit and loss)		April 01, 2023	12,097.53	(120.98)	120.98

b) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits, mutual funds and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low. The Company remains committed to maintaining a healthy liquidity, gearing ratio, deleveraging and strengthening our balance sheet. The maturity profile of the Company's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Company.

Financial liabilities	As at				Total
	Less than 1 year	1-2 years	2-5 years	More than 5 years

*It includes contractual interest payment based on interest rate prevailing at the end of the reporting period.

c) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Possible credit risk

Credit risk related to trade receivables and loans

Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments. The loans advanced by the Company carries interest and are granted after evaluating the purpose and credit worthiness of the counter party.

Moreover, given the diverse nature of the Company's businesses trade receivables are spread over a number of customers with no significant concentration of credit risk. No single customer accounted for 10% or more of trade receivable on a % basis in any of the years indicated.

Receivables are deemed to be past due or impaired with reference to the Company's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions. Receivables that are classified as 'past due' in the above tables are those that have not been settled within the terms and conditions that have been agreed with that customer.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Credit risk related to bank balances

Company holds bank balances with reputed and creditworthy banking institution within the approved exposures limit of each bank. None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made in mutual funds, bank deposits and other risk free securities. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2025 is the carrying amounts . The Company's maximum exposure relating to financial instrument is noted in liquidity table below.

Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
--	---------------------------------	---------------------------------	---------------------------------

**Financial assets for which allowance is measured using 12 months
Expected Credit Loss Method (ECL)**

Cash and cash equivalents	7,449.58	5,275.78	3,177.91
Other Bank balances	11,445.14	11,566.76	8,317.54
Loans	1,060.96	901.03	138.48
Other financial assets	3,736.54	2,154.40	2,492.49

**Financial assets for which allowance is measured using Life time
Expected Credit Loss Method (ECL)**

Trade receivables	21,004.43	22,225.86	11,752.52
-------------------	-----------	-----------	-----------

Credit risk related to investments

The Company has made investments in highly liquid public sector mutual funds to meet their short term liquidity objectives. The Company analyses the credit worthiness of the party before investing their funds.

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

Other credit risk

The Company is exposed to credit risk in relation to loans and financial guarantees given to/ on behalf of subsidiaries/ associate companies.

38 Segment Information

38.1 Description of Segment and principal activities

As per Ind AS-108, "Operating Segment" (specified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) the Company's chief operating decision maker, i.e. Managing Director ('CODM') has identified Logistic services and other related services as the reportable segments.

Since the company is having only one reportable segment hence disclosure requirement as per Ind AS 108 is not applicable.

38.2 Geographical Information

The following table provides an analysis of the Company's sales by region in which the customer is located, irrespective of origin of the services.

Within India

v. Remuneration of KMP

The remuneration of key management personnel of the Company are set out below in aggregate for each of the categories specified in Ind AS 24 Related Party disclosures:

Year ended March 31, 2025	Year ended March 31, 2024
870.63	868.57
870.63	868.57

* Includes perquisites, allowances and bonus and does not include the provision made for gratuity and leave benefits, as they are determined on an actuarial basis for all the employees together.

Remuneration payable to KMP

As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
32.33	41.23	34.70
32.33	41.23	34.70

Remuneration payable to KMP

Note:

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year end are unsecured and interest free except for the loans given which carry interest at arms length. The settlement for these balances occurs in cash. There have been no guarantees provided or received for any related party receivables or payables other than disclosed above. Further, the Company has not recorded any impairment of receivables relating to amounts owed by related parties other than those disclosed above. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)
CIN: U74899DL1984PLC019666
Notes forming part of the standalone financial statements for the year ended March 31, 2025
All amounts are in INR lacs unless otherwise stated

42 Earnings per share

Basic earnings per share has been computed by dividing net profit after tax by the weighted average number of equity shares outstanding for the year. Diluted earnings per share has been computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year.

	Unit	As at March 31, 2025	As at March 31, 2024
Net profit after tax	INR lacs	3,264.87	2,603.08
Weighted average number of equity shares outstanding during the year for basic earnings per share	Number	10,55,93,994	10,43,64,800
Weighted average number of equity shares outstanding during the year for diluted earnings per share	Number	10,55,93,994	10,43,64,800
Nominal value of equity shares	INR	10.00	10.00
Basic earnings per share	INR	3.09	2.49
Diluted earnings per share	INR	3.09	2.49

43 Expenditure on Corporate Social Responsibility

As per provisions of section 135 of the Companies Act, 2013, the Company has to incur at least 2% of average net profits of the preceding three financial years towards Corporate Social Responsibility ("CSR"). Accordingly, a CSR committee has been formed for carrying out CSR activities as per the Schedule VII of the Companies Act, 2013. Details are as under:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Details of CSR Expenditure:		
Amount required to be spent as per section 135 of the Act (including CSR expenditure relating to previous years unspent amount)	81.29	82.50
Amount approved by the Board to be spent during the period	83.00	82.50
Amount spent during the year on :		
(i) Construction/ acquisition of assets	-	-
(ii) On purpose other than above	83.00	82.50
Details related to spent / unspent obligations:		
i) Contribution to Public Trust	-	-
(i) Contribution to Charitable Trust	83.00	82.50
(ii) Unspent amount in relation to:		
- Ongoing project	-	-
- Other than ongoing project	-	-
Total amount spent	83.00	82.50
Add: Excess spent from previous year utilised during the current year	-	-
Less: Excess spent during the year to be carry forward	-	-
Add: Provision for shortfall amount recognised during the current year	-	-
Total amount recognised in the statement of profit and loss	83.00	82.50
Disclosure for excess amount spent:		
Opening Balance	-	-
Amount required to be spent during the year	(81.29)	(82.50)
Amount spent during the year	83.00	82.50
Provision for shortfall amount / (Excess spent during the year not to be carried forward) during the current year	(1.71)	-
Closing Balance (Excess spent during the year to be carry forward)	-	-

44 There were no amounts which were required to be transferred to the investor education and protection fund by the Company.

45 The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international transactions entered into with the associated enterprises during the year and expects such records to be in existence latest by such date as required under the law. The management is of the opinion that its transactions covered under transfer pricing regulations are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

46 First-time adoption of Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS. The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended March 31, 2025, March 31, 2024 and in the preparation of an opening Ind AS balance sheet at April 01, 2023 (the Company's date of transition).

For all periods upto and including the year ended March 31, 2024, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) and complied with accounting standards as notified under Section 133 of the Companies Act 2013, read together with rule 7 of the Companies (Accounts) Rules, 2014 ('previous GAAP' or 'IGAAP') to the extent applicable and the presentation requirements of the Companies Act, 2013.

The transition of Ind AS was carried out in accordance with Ind AS 101, with April 01, 2023 being the date of transition. This note explains the exemptions on the first-time adoption of Ind AS availed in accordance with Ind AS 101 and an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Exemptions availed and mandatory exceptions

Ind AS 101 'First-time Adoption of Indian Accounting Standards' allows first-time adopters certain exemptions from retrospective application of certain requirements under Ind AS. Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A) Ind AS optional exemptions

A.1 Investments in subsidiaries, joint ventures and associates

Ind AS 101 permits a first-time adopter to measure its investments in subsidiaries, joint ventures and associates at deemed cost. The deemed cost of such an investment shall be either (a) its fair value at the date of transition; or (b) previous GAAP carrying amount at that date. Either (a) or (b) can be chosen to measure the investment in each subsidiary, joint venture or associate, that it elects to measure using a deemed cost.

A.2 Carrying value as deemed cost for property, plant and equipment

Ind AS 101 permits, where there is no change in the functional currency on the date of transition to Ind ASs, a first time adopter to Ind AS may elect to continue with the carrying value for all of its property, plant and equipment defined as per IND AS 40 as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and use that as its deemed cost as at the date of transition except to the extent of capitalisation of the government grant as at transition date.

Accordingly, the Company was required to use the carrying value for all of its property, plant and equipment on the date of transition and designate the same as deemed cost on the date of transition. However, the company has used the carrying value for all its property, plant and equipment as on March 31, 2023, as per the restated financial statements approved by the Board of Directors in their meeting held on June 23, 2025 and designated the same as deemed cost on the date of transition i.e., April 01, 2023. There is no material impact on the other equity as at April 01, 2023.

A.3 Right of use assets and Lease liabilities

Ind AS 116 permits a first time adopter to apply this standard to its leases either retrospectively to each prior reporting period presented applying Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors; or retrospectively with the cumulative effect of initially applying the Standard recognised at the date of initial application.

Accordingly, the Company has opted to represent the Right of use assets and lease liabilities retrospectively to each prior reporting period presented.

B) Ind AS mandatory exceptions

B.1 Accounting estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were an error.

Ind AS estimates as at April 01, 2023 are consistent with the estimates as at the same date made in conformity with previous GAAP except for 'other adjustments' as below.

B.2 De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

B.3 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortised cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

Accordingly, the Company has determined the classification of financial assets bases on facts and circumstances that exist on the date of transition. Measurement of the financial assets accounted at amortised cost has been done retrospectively except where the same is impracticable.

a. Reconciliation of other equity between Ind AS and previous GAAP :

As at March 31, 2024:

Particulars	Notes	General Reserve	Retained Earnings	Security Premium Reserve	Total
Other equity as per previous GAAP		129.11	11,718.70	534.42	12,382.23
Adjustments					
Investments in mutual funds measured at FVTPL	1	-	52.35	-	52.35
Depreciation on property, plant and equipment		-	787.23	-	787.23
Depreciation on right of use assets	3	-	(316.13)	-	(316.13)
Interest on lease liabilities at amortised cost	3	-	(116.44)	-	(116.44)
Payment of principal portion of lease liabilities	3	-	356.17	-	356.17
Reversal of lease liability - operating lease		-	34.54	-	34.54
Interest income on financial assets	3	-	2.41	-	2.41
Other adjustment		-	(1,277.67)	-	(1,277.67)
Tax impact on adjustments	4	-	94.94	-	94.94
Other equity as per Ind AS	129.11	11,336.10	534.42		11,999.63

As at April 01, 2023:

Particulars	Notes	General Reserve	Retained Earnings	Security Premium Reserve	Total
Other equity as per previous GAAP		129.11	9,536.41	534.42	10,199.94
Adjustments					
Depreciation on property, plant and equipment		-	430.88	-	430.88
Depreciation on right of use assets	3	-	(156.22)	-	(156.22)
Interest on lease liabilities at amortised cost	3	-	(61.27)	-	(61.27)
Payment of principal portion of lease liabilities	3	-	169.55	-	169.55
Reversal of lease liability - operating lease		-	21.96	-	21.96
Interest income on financial assets	3	-	1.07	-	1.07
Other adisutment		-	(1,237.89)	-	(1,237.89)
Tax impact on adjustments	4	-	207.46	-	207.46
Other equity as per Ind AS	129.11	8,911.95	534.42		9,575.48

b. Reconciliation of net profit as per previous GAAP and total comprehensive income as per Ind AS

Particulars	Notes	March 31, 2024
Net profit as per previous GAAP		2,332.29
Adjustments		
Investments in mutual funds measured at FVTPL	1	52.35
Depreciation on property, plant and equipment		356.35
Depreciation on right of use assets	3	(159.91)
Interest on lease liabilities at amortised cost	3	(55.17)
Payment of principal portion of lease liabilities	3	186.62
Reversal of lease liability - operating lease		12.58
Interest income on financial assets	3	1.34
Other adjustment		(39.78)
Tax impact on adjustments	4	(112.52)
Effect of remeasurement of the defined benefit plan (net of tax)	2	28.93
Net profit as per Ind AS		2,603.08
Effect of remeasurement of the defined benefit plan (net of tax)	2	(28.93)
Total comprehensive income as per Ind AS		2,574.15

c. Reconciliation of cash flows

The adjustments as explained above, are of non-cash nature and accordingly, there are no material differences in cash flows from operating, investing and financing activities as per the previous GAAP and as per Ind AS. Previous year numbers have been reclassified wherever required.

Year ended March 31, 2024:

Particulars	Previous GAAP	Effects of transition to Ind AS and reclassification	As per Ind AS
Net cash flows from operating activities	(1,475.42)	345.23	(1,130.19)
Net cash flows from investing activities	(9,056.84)	(191.99)	(9,248.83)
Net cash flows from financing activities	12,630.13	(153.24)	12,476.89
Net increase/ (decrease) in cash and cash equivalents	2,097.87	-	2,097.87
Cash and cash equivalents at the beginning of the year	3,177.91	-	3,177.91
Cash and cash equivalents at the end of the year	5,275.78	-	5,275.78

Notes to first-time adoption of Ind-AS

- 1 **Investments in mutual funds measured at fair value:** Under the previous GAAP, investments in mutual funds were measured at lower of cost or fair value. Under Ind AS, these investments are required to be measured at fair value through profit or loss. The resulting fair value changes of these investments is recognised in the retained earnings as at the date of transition.
 - 2 **Remeasurement of the defined benefit plan:** Ind AS 19 Employee Benefits requires the impact of re-measurement in net defined benefit liability (asset) to be recognized in other comprehensive income (OCI). Re-measurement of net defined benefit liability (asset) comprises actuarial gains and losses, return on plan assets (excluding interest on net defined benefit asset/liability). This was being recognised in the statement of profit and loss in Statement of profit and loss in previous GAAP.
 - 3 **Right of use assets:** Ind AS 116 requires the following accounting treatment in the books of the lessee, on the commencement of the lease:
 - A lessee recognises a Right of Use (ROU) asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.
 - A lessee measures the ROU asset at cost less accumulated depreciation and accumulated impairment losses.
 - The Company has opted to represent the Right of use assets and lease liabilities retrospectively to each prior reporting period presented.
 - 4 **Deferred Tax:** Previous GAAP required deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under previous GAAP.
- In addition, the various transitional adjustments lead to temporary differences. According to the accounting policies, the Company has to account for such differences. Deferred tax has been recognised on such temporary differences.

47 Ratio analysis and its elements

Ratio	Numerator	Denominator	March 31, 2025	March 31, 2024	% Change	Remarks
Current Ratio	Current Assets	Current Liabilities	0.88	1.06	(17.33%)	
Debt- Equity Ratio	Total Debt	Shareholder's Equity	1.67	2.04	(18.36%)	
Debt Service Coverage ratio	Earnings for debt service = Net profit after taxes + Non-cash operating expenses	Debt service = Interest & Lease Payments + Principal Repayments	1.40	1.54	(9.38%)	
Return on Equity ratio	Net Profits after taxes	Average Total Equity	18.30%	22.00%	(16.81%)	
Trade Receivable Turnover Ratio	Net credit sales = Gross credit sales - sales return	Average Trade Receivable	6.23	5.49	13.56%	
Trade Payable Turnover Ratio	Net credit purchases = Gross credit purchases - purchase return	Average Trade Payables	7.79	5.95	31.00%	Refer comment 1
Net Capital Turnover Ratio	Net sales = Total sales - sales return	Working capital = Current assets - Current liabilities	(20.10)	37.58	(153.48%)	Refer comment 2
Net Profit ratio	Net Profit	Net sales = Total sales - sales return	2.42%	2.79%	(13.19%)	
Return on Capital Employed	Earnings before interest and taxes	Capital Employed = Total Assets - Current Liabilities	21.19%	26.95%	(21.37%)	
Return on Investment	Interest (Finance Income)	Investment	7.64%	6.23%	22.56%	

Reason for change more than 25% :

1. The movement in current year is on account of disproportionate increase in purchase.
2. The movement in current year is on account of disproportionate increase in sales.

48 Other Information

- (i) The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period,
- (ii) The Company have not traded or invested in Crypto currency or Virtual Currency during the financial year
- (iii) The Company have not advanced or loaned or invested funds to any other person or entity, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (iv) The Company have not received any fund from any person or entity, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (v) The Company have not any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961
- (vi) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- (vii) The Company has not been declared as wilful defaulter by any bank or financial institution or government or any government authority.
- (viii) The Company has complied with the number of layers for its holding in downstream companies prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017.

49 The Company has used the accounting software for maintaining its books of account which has a feature of recording audit trail and the same has operated throughout the year for all relevant transactions recorded in the software.
 Further, in respect of software used in maintaining payroll records which operated and maintained by a third party service provider, in absence of service organisation controls report in respect of audit trail, management is unable to determine whether audit trail feature of the underlying database was enabled and operated throughout the year. Further no instance of audit trail feature being tampered with was noted in respect of accounting software except that in absence of service organisation controls report, we are unable to assess the same in respect of the software used to maintain payroll records.

Additionally, the audit trail to the extent it was enabled has been preserved by the Company as per the statutory requirements for record retention except that in absence of service organisation controls report, we are unable to comment on the same in respect of the software used to maintain payroll records.

50 The Company has filed its Draft Red Herring Prospectus ("DRHP") with the Securities and Exchange Board of India (SEBI) on June 30, 2025 for the purpose of an Initial Public Offering (IPO). Since the filing has taken place subsequent to the balance sheet date but before approval of the financial statements, this event does not require adjustment in the financial statements. However, the same is disclosed as a non-adjusting subsequent event in accordance with Ind AS 10 Events after the Reporting Period.

51 The figures have been rounded off to the nearest lacs of rupees up to two decimal places. The figure 0.00 wherever stated represents value less than INR 500/-.

52 Note 1 to 51 form integral part of the standalone balance sheet and standalone statement of profit and loss.

Independent Auditors' Report

**To the Members of Skyways Air Services Limited
(formerly known as Skyways Air Services Private Limited)**

Report on the Audit of the Consolidated financial statements

Opinion

We have audited the accompanying Consolidated financial statements of **Skyways Air Services Limited** ("the Holding Company") and its subsidiaries (together referred as "Group") and its associates, which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss, including other comprehensive income, the Consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity statement for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and associates the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group and its associates as at March 31, 2025, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report.

We are independent of the Group and its associates in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report and Shareholder's Information but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for The Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure, and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of entities or the business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the Consolidated Financial Statements of which we are the independent auditors. For the entities or business activities included in the Consolidated Financial Statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulations precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements and other financial information, in respect of 10 subsidiary, whose financial statements include total assets of INR 8,900.07 lacs as at March 31, 2025, and total revenues of INR 30,795.51 lacs, total net profit after tax of INR 648.78 lacs and net cash inflows/(outflows) of INR 1,164.02 lacs for the year ended on that date. These financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management.

The above subsidiaries are located outside India whose financial statements and other financial information, prepared in accordance with accounting principles generally accepted in India, have been audited by other auditors.

The financial statements and other financial information, in respect of 2 associates, whose share of profit reflects INR 31.19 lacs for the year ended on March 31, 2025. These financial statements and other financial information have not been audited by and have been furnished to us by the management.

Our opinion above on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order"), issued by the Central Government in terms of Section 143(11) of the Act, based on our audit of the Companies incorporated in India, we give in the "Annexure A" a statement on the matters specified in paragraphs 3(xxi) of the Order.

2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

a) We / other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors, except for the matters stated in the paragraph (j) (vi) below on reporting under Rule 11(g).

c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

e) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g).

f) On the basis of the written representations received from the directors of the Holding Company and its subsidiaries, which are companies incorporated in India, none of the directors of the Group's

companies, is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

g) with respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries, incorporated in India, and the operating effectiveness of such controls, refer to our separate report in “Annexure B”.

h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company and its subsidiaries, which are companies incorporated in India, in accordance with the provisions of section 197 read with Schedule V to the Act.

i) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group and its associates in its consolidated financial statements— Refer note 34 to the consolidated financial statements;

(ii) The Group and its associates did not have any long-term contracts including derivative contracts for which there were any material foreseeable;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries, which are companies incorporated in India, during the year ended March 31, 2025 - Refer note 45 to the consolidated financial statements;

(iv) a) The respective Managements of the Holding Company and its subsidiaries, which are companies incorporated in India, whose financial statements have been audited under the Act, has represented to us that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

b) The respective Managements of the Holding Company and its subsidiaries, which are companies incorporated in India, whose financial statements have been audited under the Act, has represented to us that, to the best of their knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries and

c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances on the Holding Company and its subsidiaries, which are companies incorporated in India, whose financial statements have been audited under the Act, nothing has come to their notice that has caused them to believe that the representations made to us under sub-clause (a) and (b) above, contain any material mis-statements.

(v) The interim dividend, declared and paid by the Holding Company and its respective subsidiaries, which are companies incorporated in India whose financial statements have been audited under the Act, is in accordance with section 123, as applicable.

(vi) Based on our examination which included test checks of the Holding Company and its subsidiaries, which are companies incorporated in India, whose financial statements have been audited under the Act, except for the instances discussed in note 50 to the consolidated financial statements, the Holding Company and its subsidiaries have used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered in respect of accounting software except for instances as stated in the above note. Additionally, the audit trail to the extent it was enabled has been preserved by the Holding Company and its subsidiaries as per the statutory requirements for record retention.

Annexure ‘B’ to the Independent Auditor’s Report of even date on the Consolidated Financial Statements of Skyways Air Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of Skyways Air Services Limited (hereinafter referred to as the “Holding Company”) as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Consolidated Statement of Cash Flows for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
A. Cash flow from Operating activities		
Profit before tax	6,714.65	4,838.05
Adjustments to reconcile profit before tax to net cash flows:		
Depreciation and amortisation expense	1,369.83	888.55
Unrealised foreign exchange (gain) / loss (net)	35.57	(112.38)
(Gain)/Loss on disposal of property, plant and equipment	5.71	(9.42)
Property, plant and equipment written off	0.79	17.68
Gain on sale of investment property	-	-
Net gain on sale of investment in subsidiaries	(424.44)	(600.81)
Interest income	(1,551.71)	(1,435.05)
Finance cost	2,881.38	1,877.40
Unrealised gain on current investments measured at FVTPL	(185.04)	(52.35)
Realised gain on current investments measured at FVTPL	-	(7.95)
Liabilities written back	(46.82)	(327.83)
Trade and other receivable balances written off	144.30	61.18
Allowance for expected credit loss	161.01	25.06
Allowance for doubtful loans	-	-
Impairment allowance for doubtful advances	130.97	100.00
Share of (profit)/loss of associates	(31.19)	(0.69)
Working capital adjustments:		
(Increase)/ Decrease in trade receivables	3,698.48	(14,482.08)
(Increase)/ Decrease in inventories	(30.98)	0.10
(Increase)/ Decrease in other financial assets	(624.58)	650.43
(Increase)/ Decrease in other assets	(6,025.46)	(83.65)
Increase/ (Decrease) in provisions	(298.60)	49.51
Increase/ (Decrease) in trade payable	(3,921.46)	8,328.33
Increase/ (Decrease) in other financial liability	33.07	136.91
Increase/ (Decrease) in other liability	1,059.58	75.20
Cash generated from operations	3,095.06	(63.81)
Income tax paid (net)	(2,894.01)	(840.36)
Net cash inflow/(outflow) from Operating activities	201.05	(904.17)
B. Cash flow from Investing activities		
Purchase of property, plant and equipment	(4,992.43)	(4,421.72)
Purchase of intangible assets	(897.20)	(984.95)
Payment towards acquisition of subsidiary (net) (Refer note 41)	(7,053.01)	(3,468.43)
Proceeds from sale of investment in mutual funds	-	757.95
Purchase of investment in mutual funds	(520.00)	(2,650.00)
Purchase of investment in associates	(37.14)	-
Proceeds from sale of investment in subsidiaries	489.68	1,368.40
Loan to employees	(7.29)	102.77
Loan to others	(35.00)	-
Bank withdrawal / (deposit) not considered as cash and cash equivalents (net)	(2,668.31)	(4,508.00)
Interest received	491.75	940.68
Net cash outflow from Investing activities	(15,228.95)	(12,863.30)
C. Cash flow from Financing activities		
Proceeds from issue of shares	7,577.45	-
Interest paid	(2,801.18)	(1,810.50)
Proceeds/payments to Non Controlling shareholders (net of dividend paid)	(1,175.84)	100.85
Proceeds from borrowings	27,796.93	19,517.33
Repayment of borrowings	(7,687.32)	(2,148.20)
Payment of principal portion of lease liabilities	(266.86)	(152.78)
Payment of interest on lease liabilities	(52.76)	(56.63)
Share issue expenses	(825.20)	(3.99)
Dividends paid	(416.52)	(150.00)
Net cash inflow from Financing activities	22,148.70	15,296.08
Net increase/(decrease) in cash and cash equivalents (A+B+C)	7,120.80	1,528.62
Cash and cash equivalents at the beginning of the year	7,015.09	5,480.39
Exchange difference on translation of foreign currency cash and cash equivalents	(13.56)	6.08
Cash and cash equivalents at the end of the year	14,122.33	7,015.09

Components of cash and cash equivalents

Balances with banks (refer note 14)

- On current account	4,948.32	1,245.49
- in deposit account (with original maturity of 3 months or less)	368.74	4,612.63
- in overdraft account	8,746.53	1,096.27
Cash on hand (refer note 14)	51.24	60.70
	14,114.83	7,015.09

The above cash flow statement has been prepared under Indirect method as set out in Ind AS-7 "Statement of cash flows".

The above consolidated statement of cash flow should be read in conjunction with accompanying notes.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

1 Corporate information

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited) (hereinafter referred to "the Holding Company" or "the Parent Company") was incorporated on December 21, 1984. The registered office of the Company is located at RZ 128-129A, Mahipalpur Extension, NH-8, New Delhi-110037, India.

The Holding Company, its subsidiaries and associates (collectively referred as "Group") are principally engaged in the providing integrated logistics solutions other logistics services and logistics operations and some of the subsidiaries are engaged in providing Training services, IT and Tech Solutions services, trading of interior decorative products and digital marketing services.

The consolidated financial statements are approved by the Board of Directors in its meeting held on September 08, 2025.

2 Summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these Indian Accounting standards (Ind-AS) financial statements. These policies have been consistently applied to all the years.

2.01 Statement of compliance and basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosure requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) as amended and other relevant provisions of the Act and accounting principles generally accepted in India.

'The financial statements are presented in INR and all values are rounded to the nearest lacs, except when otherwise stated.

2.02 Basis of presentation and preparation of Consolidated financial statements

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 'Leases' and measurements that have some similarities to fair value but are not fair value or value in use in Ind AS 36 'Impairment of Assets'.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in - Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

- Level 3 inputs are unobservable inputs for the asset or liability.

2.03 Basis of measurement

The financial statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting.

2.04 Recent accounting pronouncement

The Ministry of Corporate Affairs has amended the Companies (Indian Accounting Standards) Rules, 2015. These amendments are as follows:

(i) Lease liability in sale and leaseback transaction- Amendments to Ind AS 116:

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

The amendment to Ind AS 116 introduces new guidance for seller-lessees in sale and leaseback transactions. It specifies that after the commencement date, seller-lessees must apply certain paragraphs to the right-of-use asset and lease liability, ensuring no gain or loss is recognized for the right of use retained. Additionally, the amendment includes new paragraphs in Appendix C, effective from April 1, 2024, requiring retrospective application to relevant transactions. This aims to standardize the accounting treatment and enhance clarity in financial reporting for these transactions.

(ii) Introduction of new Ind AS 117, Insurance contracts:

The amendment introduced new Ind AS 117, which provides comprehensive guidance on the accounting for insurance contracts. This new standard is to apply for annual reporting periods starting on or after April 1, 2024. Ind AS 117 aims to enhance transparency and comparability in financial statements by standardising the recognition, measurement, presentation, and disclosure of insurance contracts.

The amendments had no significant impact on the Company's summary statements.

2.05 Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- ▶ Expected to be realised or intended to be sold or consumed in normal operating cycle
- ▶ Held primarily for the purpose of trading
- ▶ Expected to be realised within twelve months after the reporting period, or
- ▶ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- ▶ It is expected to be settled in normal operating cycle
- ▶ It is held primarily for the purpose of trading
- ▶ It is due to be settled within twelve months after the reporting period, or
- ▶ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Current assets/liabilities include current portion of non-current financial assets/liabilities respectively. All other assets/ liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

2.06 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries as at December 31, 2024. Control is achieved when the Group is exposed, or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31, 2024.

2.07 Consolidation Procedure

(A) Subsidiaries:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and Property, plant and equipment, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS - 12 "Income Taxes" applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

When the proportion of the equity held by non-controlling interests changes, the Group adjust the carrying amounts of the controlling and non-controlling interests to reflect the changes in their relative interests in the subsidiary. The Group recognises directly in equity any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received, and attribute it to the owners of the parent.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amount at the date when control is transferred
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

(B) Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries

The Group's investments in its associate are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

If Group's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the statement of profit and loss.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment less cost to sell is recognised in profit or loss.

The Group discontinue the use of equity method from the date the investment is classified as held for sale in accordance with Ind AS 105 - Noncurrent Assets Held for Sale and Discontinued Operations and measures the interest in associate and joint venture held for sale at the lower of its carrying amount and fair value less cost to sell.

2.08 Business combination and goodwill

Business combinations other than those under common control transactions are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. In respect to the business combination for acquisition of subsidiary, the Group has opted to measure the non-controlling interests in the acquiree at the proportionate share of the acquiree's identifiable net assets. Acquisitionrelated costs are expensed in the year in which the cost are incurred and the services are received, with the exception of the costs of issuing debt or equity securities that are recognised in accordance with Ind AS 32 "Financial Instruments: Presentation" and Ind AS 109 "Financial Instruments".

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated as mentioned hereinafter

- (a) Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 "Income Tax" and Ind AS 19 "Employee Benefits" respectively.
- (b) Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.
- (c) Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 "Non-current Assets Held for Sale" and Discontinued Operations are measured in accordance with that standard.
- (d) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

2.09 Functional and presentation currency

These financial statements are presented in Indian rupee (INR), which is the functional currency of the Group.

2.10 Revenue recognition

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer, at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customers.

Performance obligation

At contract inception, the Group assess the goods and services promised in contracts with customers and identifies various performance obligations to provide distinct goods and services to the customers.

The transaction price of goods sold and services rendered is net of variable consideration on account of various elements like discounts etc. offered by the Group as part of the contract.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Sale of services

Revenue from multimodal transport services rendered are recognised on the completion of the services as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of various discounts offered by the Group as part of the contract.

Sale of Products

Revenue from contracts with customers in respect of sale of products is recognised at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods and there are no unfulfilled obligations. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation.

The Group considers, whether there are other promises in the contract in which separate performance obligations, to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of products, the Group allocates a portion of the transaction price to goods bases on its relative standalone prices.

Interest

Interest income is recognised when it is probable that the economic benefits will flow to the Group and amount of income can be measured reliably. Interest income is included under the head "other income" in the consolidated statement of profit and loss

2.11 Cash flow statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit/loss before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.12 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

2.13 Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, wherever applicable. Items such as spares are capitalized when they meet the definition of property, plant and equipment.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, on initial recognition, expenditure to be incurred towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

Subsequent costs and disposal

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within other income/other expenses in statement of profit and loss.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Capital work in progress

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

Depreciation and amortisation

Depreciation on Property, plant and equipment has been provided on the straight-line method (SLM) to allocate their cost, net of their residual values, as per useful life prescribed in Schedule II to the Act. Management's assessment of independent technical evaluation/advice takes into account, inter alia, the nature of the assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement and maintenance support. The depreciation method, asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period prospectively.

Depreciation on tangible fixed assets has been provided on the straight line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of mobile phones in which case life of the asset is considered to be 2 years. Leasehold land is amortized on a straightline basis over the unexpired period of the leases.

Additions on account of insurance spares, additions/extensions forming an integral part of existing plants and the revised carrying amount of the assets identified as impaired, are depreciated over residual life of the respective asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in statement of profit. Depreciation methods, useful lives and residual values are reviewed at each financial year and changes in estimates, if any, are accounted for prospectively.

2.14 Intangible assets

Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the fair value of net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in other comprehensive income and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognizes the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses, if any. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually or earlier, when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Other intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortised over their estimated useful life. Software is amortised using the straight-line method over the estimated useful life of six years or the tenure of the respective software license, whichever is lower.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is revised to reflect the changed pattern, if any.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Subsequent costs and disposal

Subsequent expenditure related to an item of an intangible assets is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

2.15 Impairment of tangible and intangible assets

At the end of each reporting period, the Group reviews the carrying amounts of all of its tangible and intangible assets to determine whether there is any indication based on internal/ external factors that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the assets (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

Borrowing costs directly relating to the acquisition, construction or production of a qualifying capital project under construction are capitalised and added to the project cost during construction until such time that the assets are substantially ready for their intended use i.e. when they are capable of commercial production. Where funds are borrowed specifically to finance a project, the amount capitalised represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance a project, the income generated from such current investments is deducted from the total capitalized borrowing cost. Where the funds used to finance a project form part of general borrowings, the amount capitalised is calculated using a weighted average of rates applicable to relevant general borrowings of the Group during the year. Capitalisation of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

2.16 Foreign currency transactions and translations

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Group's financial statements are presented in Indian rupee (INR) which is also the Holding Company's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are generally recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non- monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences arising on settlement or translation of monetary items are recognized as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation). On consolidation, the results and financial position of foreign operations that have a functional currency different from the presentation currency (INR) are translated to the presentation currency (INR) in the following manner:

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

- (a) Assets and liabilities are translated at the rate of exchange prevailing at the reporting date.
- (b) Their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions.
- (c) All resulting exchange differences arising on translation of financial statement of foreign operations for consolidation are recognised in other comprehensive income.
- (d) On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in statement of profit or loss.
- (e) Any Goodwill arising on the acquisition/ business combination of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.
- (f) Gain or loss on a subsequent disposal of any foreign operation excludes translation differences that arose before the date of transition but includes only translation differences arising after the transition date.

2.17 Non-current assets held for sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense. Any expected loss is recognized immediately in the statement of profit and loss.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the assets is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

The Group treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset
- An active programme to locate a buyer and complete the plan has been initiated (if applicable)
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized. Assets and liabilities classified as held for sale are presented separately as current items in the balance sheet.

2.18 Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to statement of profit & loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

2.19 Inventories

Inventories are valued at lower of cost and net realisable value. Cost is determined on first in first out basis. Inventory cost includes purchase price and other directly attributable costs (such as taxes other than those subsequently recovered from the tax authorities), freight inward and other related incidental expenses incurred in bringing the inventory to its present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale.

2.20 Retirement and other employee benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Defined contribution plans

The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

The Group has a defined benefit plan (the "Gratuity Plan"). The Gratuity Plan provides a lump sum payment to employees who have completed five years or more of service at retirement, disability or termination of employment, being an amount based on the respective employee's last drawn salary and the number of years of employment with the Group.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The interest cost is calculated by applying the discount rate to the balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

The liability or asset recognised in the balance sheet in respect of gratuity plan is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date on the basis of actuarial valuation.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and are never reclassified to statement of profit and loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit and loss as past service cost.

2.21 Dividend

The Group recognizes a liability to pay dividend to equity holders of the Group, when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.22 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group's lease asset classes primarily comprise of lease for land and building. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the building (i.e. 30 and 60 years).

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 'Impairment of non-financial assets'.

ii) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

(iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Group as a lessor:

Leases for which the Group is a lessor is classified as finance or operating lease. Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Determining whether an arrangement contains a lease

An arrangement, which is not in the legal form of a lease, should be accounted for as a lease, if:

- i) fulfilment of the arrangement is dependent on the use of a specific asset or assets (the asset); and
- ii) the arrangement conveys a right to use the asset.

At inception of an arrangement, the Group determines whether the arrangement is or contains a lease.

At inception or on reassessment of an arrangement that contains a lease, the Group separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If it is impracticable to separate the payments reliably, then a finance lease receivable is recognised at an amount equal to the fair value of the underlying asset; subsequently, the receivable is reduced as payments are made and a finance income is recognised using the interest rate implicit in the lease.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis over the lease term.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

2.23 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing performance of the operating segments.

2.24 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

2.25 Taxes on income

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current income tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset only if, the Group:

- i) has a legally enforceable right to set off the recognised amounts; and
- ii) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is provided using the Balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

2.26 Provisions and contingencies

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as Contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Group involved, it is not expected that such contingencies will have a material effect on its financial Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

2.27 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.28 Financial instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through statement of profit and loss are recognised immediately in statement of profit and loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost less impairment loss (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Amortised cost and effective interest method

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the Consolidated financial statements for the year ended March 31, 2025****All amounts are in INR lacs unless otherwise stated**

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the Statement of Profit and Loss.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Group has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss is included in the 'other gains and losses' line item.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

Impairment of financial assets

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the Group measures the loss allowance at an amount equal to lifetime expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Group, and commitments issued by the Group to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a Group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the Group is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'other gains and losses' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in statement of profit and loss. The remaining amount of change in the fair value of liability is recognised in statement of profit and loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are not subsequently reclassified to statement of profit and loss.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Gains or losses on financial guarantee contracts and loan commitments issued by the Group that are designated by the Group as at fair value through profit or loss are recognised in statement of profit and loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in the 'other gains and losses' line item in the statement of profit and loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in the statement of profit and loss.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

Derivative financial instruments

The Group uses derivative forward contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or

2.29 Operating cycle

Based on the nature of the operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

2.30 Critical accounting judgements and key sources of estimation uncertainty

The preparation of these financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following accounting policies and/or notes:

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

CIN: U74899DL1984PLC019666

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

Critical estimates and judgements in applying accounting policies

The following are the critical judgements, apart from those estimations that the management has made in the process of applying the Group Accounting Policies and that have most significant effect on the amounts recognised in the financial statements.

Provisions and contingencies

The significant capital commitments in relation to various capital projects are not recognized in the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Group involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

Fair value measurement of financial instruments

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The fair values of financial assets and financial liabilities recorded in the balance sheet in respect of which quoted price in active markets are available are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial

Impairment of assets

In assessing the property, plant and equipment and intangible assets for impairment, factors leading to significant reduction in profits such as changes in commodity prices, the Group's business plans and changes in regulatory environment are taken into consideration. The carrying value of the assets of a cash generating unit (CGU) is compared with the recoverable amount of those assets, that is, the higher of fair value less costs of disposal and value in use. Recoverable value is based on the management estimates of commodity prices, market demand and supply, economic and regulatory climates, long-term plan, discount rates and other factors. Any subsequent changes to cash flow due to changes in the abovementioned factors could impact the carrying value of the assets.

Useful life of property, plant and equipment and intangible assets

Property, plant and equipment and intangible assets as disclosed above are depreciated over their useful economic lives. Management reviews the useful economic lives at least once a year and any changes could affect the depreciation rates prospectively and hence the asset carrying values. The Group also reviews its property, plant and equipment, for possible impairment if there are events or changes in circumstances that indicate that carrying values of the assets may not be recoverable. In assessing the property, plant and equipment for impairment, factors leading to significant reduction in profits such as changes in commodity prices, the Group's business plans and changes in regulatory environment are taken into consideration.

The carrying value of the assets of a cash generating unit (CGU) is compared with the recoverable amount of those assets, that is, the higher of fair value less costs of disposal and value in use. Recoverable value is based on the management estimates of commodity prices, market demand and supply, economic and regulatory climates, long-term plan, discount rates and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact the carrying value of the assets.

Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Group. A tax provision is recognised when the Group has a present obligation as a result of a past event, it is probable that the Group will be required to settle that obligation.

Where it is management's assessment that the outcome cannot be reliably quantified or is uncertain the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

When considering the classification of a legal or tax cases as probable, possible or remote there is judgement involved. This pertains to the application of the legislation, which in certain cases is based upon management's interpretation of country specific tax.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

2.31 Key sources of estimation uncertainty

(a) Fair value measurements and valuation processes

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The Board of directors of the Group has designated the Chief Financial Officer of the Group determines the appropriate valuation techniques and inputs for fair value measurements.

(b) Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The firm establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

(c) Impairment of Financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. the firm uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on firm's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(d) Impairment of non-Financial assets

The firm assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the firm estimates the asset's recoverable amount. An assets recoverable amount is the higher of an asset's CGU'S fair value less cost of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or firm's of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use , the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

2.32 Standards issued but not effective

There are no standards that are issued but not yet effective on March 31, 2025.

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
17 Other equity			
General reserve (refer note 17.1)	6.77	135.88	135.88
Securities premium (refer note 17.2)	5,946.84	534.42	534.42
Retained earnings (refer note 17.3)	7,347.56	13,644.35	10,725.51
Foreign currency translation reserve (refer note 17.4)	125.70	51.76	79.31
Statutory reserve (refer note 17.5)	44.59	18.13	9.92
	13,471.46	14,384.54	11,485.04
	As at March 31, 2025	As at March 31, 2024	
17.1 General reserve			
Balance at the beginning of the year	135.88	135.88	
Transferred from retained earnings	-	-	
Less : Issue of bonus shares	(129.11)	-	
Balance at the end of the year	6.77	135.88	
Nature and purpose of reserve:			
Under the erstwhile Companies Act 1956, General Reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to General Reserve has been withdrawn. However, the amount previously transferred to General Reserve can be utilised only in accordance with provisions of the Companies Act, 2013.			
17.2 Securities premium			
Balance at the beginning of the year	534.42	534.42	
Add : Premium on issue of equity shares through private placement	6,771.34	-	
Less : Issue of bonus shares	(534.42)	-	
Less : Share Issue Expenses on issue of shares through private placement	(824.50)	-	
Balance at the end of the year	5,946.84	534.42	
Nature and purpose of reserve:			
Securities premium is used to record premium on issue of shares. The reserves can be utilised only for limited purposes in accordance with provisions of the Companies Act, 2013.			
17.3 Retained earnings			
Balance at the beginning of the year	13,644.35	10,725.51	
Profit for the year	3,914.45	3,117.23	
Other comprehensive income/(loss)	(374.47)	(31.87)	
Issue of bonus shares	(8,729.30)	-	
Adjustment on account of acquisition/disinvestment in subsidiary companies from NCI	(663.79)	(4.32)	
Interim Dividend paid on equity shares	(416.52)	(150.00)	
Transfer to statutory reserve	(26.46)	(8.21)	
Share Issue Expenses	(0.70)	(3.99)	
Balance at the end of the year	7,347.56	13,644.35	
Nature and purpose of reserve:			
Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.			
The amount that can be distributed by the Company as dividends to its equity shareholders. is determined based on the requirements of Companies Act. 2013.			
17.4 Foreign Currency Translation Reserve			
Balance at the beginning of the year	51.76	79.31	
Increase/(decrease) during the year	73.94	(27.55)	
Balance at the end of the year	125.70	51.76	
	As at March 31, 2025	As at March 31, 2024	
17.5 Statutory Reserve			
Balance at the beginning of the year	18.13	9.92	
Increase/(decrease) during the year	26.46	8.21	
Balance at the end of the year	44.59	18.13	
Nature and purpose of reserve:			
Statutory reserves are the reserves that every company incorporated in United Arab Emirates needs to mandatory set aside from their profits. The funds in the statutory reserves are not available for distribution to shareholders as dividends.

23.1 Micro, Small and Medium Enterprises Development Act

Information as required to be furnished as per section 22 of the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act) for the year ended March 31, 2025, March 31, 2024 and April 01, 2023 is given below. This information has been determined to the extent such parties have been identified on the basis of information available with the Company.

(i) The principal amount and the interest due thereon remaining unpaid to any supplier covered under MSMED Act:

- Principal amount	439.89	184.23	56.34
- Interest thereon	16.15	-	-

(ii) The amount of interest paid by the buyer in terms of section 16, of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year

(iii) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under this Act

(iv) The amount of interest accrued and remaining unpaid at the end of each accounting year

(v) The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act, 2006

Due to Micro, Small and Medium Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the management. This has been relied upon by the auditor.

D. The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

35 Gratuity and other post-employment benefit plans

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below :

a. Contribution to Defined Contribution Plan, recognised as expense for the year is as under:

The Group makes contributions towards provident fund and employee state insurance scheme to a defined contribution retirement benefit plan for qualifying employees. The Group's contribution to the Employees Provident Fund and Employees State Insurance scheme is deposited with the Regional Provident Fund Commissioner. Under the scheme, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefits.

During the year, the Group has recognised INR 193.47 Lacs (March 31, 2024: INR 107.97 lacs) for Employer's contributions to the Provident Fund and INR 6.65 Lacs (March 31, 2024: INR 5.50 lacs) for Employee State Insurance Scheme contribution in the Statement of Profit and Loss. The contribution payable to the plan by the Group is at the rate specified in rules to the scheme.

b. Defined benefit plan – Gratuity plan

The gratuity liability arises on retirement, withdrawal, resignation and death of an employee. The aforesaid liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary) for each completed year of service subject to completion of five years service.

(i) Risks associated with Plan Provisions

Risks associated with the plan provisions are actuarial risks. These risks are:- (i) investment risk, (ii) interest rate risk (discount rate risk), (iii) mortality risk and (iv) salary growth risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.
Interest rate risk (discount rate risk)	A decrease in the bond interest rate (discount rate) will increase the plan liability
Mortality risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report we have used Indian Assured Lives Mortality (2012-14) ultimate table. A change in mortality rate will have a bearing on the plan's liability.
Salary growth risk	The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2025. The present value of defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

(ii) Principal actuarial assumptions:

Principle actuarial assumption used to determine the present value of the benefit obligation are as follows:

S. Particulars No.	Refer note below	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
i. Discount rate (p.a.)	1	6.75%-6.99%	7.22% - 7.25%	7.36% - 7.50%
ii. Rate of return on assets	2	7.22%	7.36%	7.18%
iii. Salary escalation rate (p.a.)	3	5.00%-6.00%	5.00% - 6.00%	5.00% - 6.00%

Notes

1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of obligations.

2 The expected return is based on the expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

3 The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

(iii) Demographic assumptions:

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Retirement age	58	58	58
Mortality rate	100% of IALM (2012 - 14)	100% of IALM (2012 - 14)	100% of IALM (2012 - 14)
Attrition rate			
- Service up to 30 years	3%	3%	3%
- Service from 31 years to 44 years	2%	2%	2%
- Service above 44 years	1%	1%	1%

The following tables set out the funded and unfunded status of the gratuity plan and amounts recognised in the Group's financial statements:

a. Amounts recognised in the statement of profit and loss in respect of these defined benefits plans are as follows:

Particulars	Funded plan			Unfunded plan		
	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Current service cost	44.25	43.35	45.62	72.25	52.34	22.93
Past service cost	-	-	-	0.00	-	-
Net interest expenses	4.95	5.28	0.79	29.66	10.58	6.24
Components of defined benefit	49.20	48.63	46.41	101.92	62.92	29.17

b. Remeasurement (gain)/ loss recognised in other comprehensive income/(loss) :

Particulars	Funded plan			Unfunded plan		
	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Actuarial (gains)/losses due to change in demographic assumptions	-	-	-	-	-	-
Actuarial (gains)/losses due to change in financial assumptions	9.75	5.39	(6.68)	9.84	1.08	(1.89)
Actuarial (gains)/losses due to change in experience variance	10.94	32.94	29.74	(21.14)	35.11	(5.65)

The plan assets of the Group managed through trusts namely Skyways Air Services Pvt Ltd Employees Group Gratuity Trust ("the trusts"). The trusts have taken Group Gratuity Scheme which is administered by Life Insurance Corporation ("LIC") of India. The plan assets of the Group are managed through the trusts. The details of investments relating to these assets are not shown by them. Hence, the composition of each major category of plan assets, the percentage or amount that each major category constitutes to the fair value of the total plan assets has not been disclosed.

As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
100.00%	100.00%	100.00%

Broad categories of plan assets as a percentage of total assets

Insurer managed funds	100.00%	100.00%	100.00%
-----------------------	---------	---------	---------

f. Sensitivity analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting year, while holding all other assumptions constant.

Particulars	Funded plan			Unfunded plan		
	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
(i). Impact of change in the discount rate						
a) Impact Due to Increase of	(20.93)	(18.88)	(18.09)	(17.53)	(7.80)	(5.12)
b) Impact Due to Decrease of	22.89	20.62	19.73	19.00	8.41	5.62
(ii). Impact of change in the Salary Increase						
a) Impact Due to Increase of	19.42	16.91	15.92	15.98	7.12	5.66
b) Impact Due to Decrease of	(17.88)	(15.57)	(14.71)	(14.90)	(6.76)	(4.72)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit liability recognised in the Balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

g. The expected maturity analysis of undiscounted defined benefit obligation is as follows:

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Expected cash flows over the next			
Within the next 12 months	98.19	89.12	51.90
Between 2 and 5 years	149.58	124.96	93.70
More than 5 years	667.66	478.43	320.69

h. Expected Group contributions for the next year

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Expected Group contributions for the next year			
	188.30	205.97	99.00

i. Actuarial assumptions on compensated absences

S. No. Particulars	Refer note below	As at March 31, 2025	As at March 31, 2024	As at March 31, 2023
i. Discount rate (p.a.)	1	6.75%-6.99%	7.22%	7.36%
ii. Salary escalation rate (p.a.)	2	5.00%-6.00%	6.00%	6.00%

Notes

- 1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of obligations.
- 2 The compensated absences plan is unfunded.
- 3 The estimates of future salary increase considered takes into account the inflation, seniority, promotion and other relevant factors.

36 Capital Management

For the purposes of Company's capital management, Capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company's capital management is to safeguard its ability to continue as going concern and to ensure that it maintains an efficient capital structure and maximize shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025, March 31, 2024 and April 01, 2023. Capital gearing ratio is net debt including lease liability divided by total capital plus net debt and Net debt is calculated as loans and borrowings less cash and cash equivalent.

The following table summarizes the capital structure of the Company:

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Debt including lease liability (a)	56,497.97	36,360.92	18,226.67
Cash and cash equivalents (Note) (b)	14,122.33	7,015.09	5,480.39
Total Cash (b)	14,122.33	7,015.09	5,480.39
Net debt (c = (a-b))	42,375.64	29,345.83	12,746.28
Total equity	39,231.91	18,608.00	13,033.67
Capital and net debt	81,607.55	47,953.83	25,779.95
Gearing ratio (net debt/capital and net debt)	51.93%	61.20%	49.44%

37 Financial Instruments

A. Financial risk management objective and policies

The carrying value and fair value of financial instruments by categories were as follows:

Financial assets and liabilities:

The accounting classification of each category of financial instruments, and their carrying amounts, are set out below:

	As at March 31, 2025	FVTPL	FVTOCI	Amortised Cost	Total carrying value	Total fair value

Notes forming part of the Consolidated financial statements for the year ended March 31, 2025

All amounts are in INR lacs unless otherwise stated

B. Fair value measurements

The management assessed that cash and cash equivalents, other bank balances, trade receivables, trade payables, borrowings, other current financial assets, loans and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the other financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1) The fair value of unquoted instruments, loans from banks, other non-current financial assets and non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

2) The fair values of the Company's interest-bearing borrowings are determined by using effective interest rate (EIR) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2025 was assessed to be insignificant.

3) Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

4) Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

	Fair value as at			Fair value hierarchy (Level)	Valuation techniques and key inputs
	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023		
Financial assets					
Investments in mutual funds	2,661.47	1,952.36	-	Level 1	see note i below
Total Financial assets	2,661.47	1,952.36	-		
Financial Liabilities					
Borrowings	55,843.14	35,733.53	17,502.38	Level 3	see note ii below
Total Financial Liabilities	55,843.14	35,733.53	17,502.38		

Note:

i. Investment in mutual funds traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Fair value of the financial assets and liabilities that are not measured at fair value (but fair value disclosures are required)

The management considers that the carrying amounts of financial assets and financial liabilities recognised in the financial statement approximates their fair values.

ii. In the absence of observable inputs to measure fair value the assets and liabilities have been classified as level 3. The Company has not given further disclosures since the amount involved is small.

The management considers that the carrying amounts of financial assets and financial liabilities having short term maturities recognised in the financial statement approximates their fair values.

Risk management objectives

Risk management framework

The Company has exposure to the following risks arising from financial instruments:

- Market risk
- Liquidity risk
- Credit risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

a) Market risk :

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments, and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2025, March 31, 2024 and April 01, 2023.

(i) Price risk

The Company manages surplus funds through investments in mutual fund plans. The NAV declared by Asset Management Companies (AMC) has generally remained constant on the mutual fund plans taken by the Company. However, if the NAV of the fund is increased/decreased by 5%, the sensitivity analysis has been mentioned below:

	As at	Closing balance	Impact on profit or loss 5% increase	Impact on profit or loss 5% decrease
Investments in mutual funds (Impact on profit and loss)	March 31, 2025	2,661.47	133.07	(133.07)
Investments in mutual funds (Impact on profit and loss)	March 31, 2024	1,952.36	97.62	(97.62)
Investments in mutual funds (Impact on profit and loss)	April 01, 2023	-	-	-

(ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR, JPY, NPR, SEK, AED, AUD, CHF, HKD, DKK, GBP & SGD exchange rates, with all other variables held constant. The impact on the Group profit before tax and equity is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the Group that have not been hedged by a derivative instrument or otherwise are as under:

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)

(iii) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The exposure of the Group's financial liabilities to interest rate risk is as follows:

		As at	Closing balance	Impact on profit or loss	
				1% increase	1% decrease
Borrowings (Impact on profit and loss)		March 31, 2025	49,570.30	(495.70)	495.70
Borrowings (Impact on profit and loss)		March 31, 2024	30,789.99	(307.90)	307.90
Borrowings (Impact on profit and loss)		April 01, 2023	16,263.14	(162.63)	162.63

b) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits, mutual funds and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low. The Company remains committed to maintaining a healthy liquidity, gearing ratio, deleveraging and strengthening our balance sheet. The maturity profile of the Company's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation.

Financial Liabilities	As at				Total
	Less than 1 year	1-2 years	2-5 years	More than 5 years	
Borrowings (refer note 18)*	46,779.30	5,111.75	5,111.75	932.34	57,935.14

c) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Possible credit risk

Credit risk related to trade receivables and loans

Credit risk management

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments. The loans advanced by the Group carries interest and are granted after evaluating the purpose and credit worthiness of the counter party.

Moreover, given the diverse nature of the Group's businesses trade receivables are spread over a number of customers with no significant concentration of credit risk. No single customer accounted for 10% or more of trade receivable on a % basis in any of the years indicated.

Receivables are deemed to be past due or impaired with reference to the Group's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions. Receivables that are classified as 'past due' in the above tables are those that have not been settled within the terms and conditions that have been agreed with that customer.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not

Credit risk related to bank balances

Group holds bank balances with reputed and creditworthy banking institution within the approved exposures limit of each bank. None of the Group's cash equivalents, including time deposits with banks, are past due or impaired. Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made in mutual funds, bank deposits and other risk free securities. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Group.

	As at March 31, 2025	As at March 31, 2024	As at April 01, 2023
Financial assets for which allowance is			
Cash and cash equivalents	14,122.33	7,015.09	5,480.39
Other Bank balances	16,842.70	13,386.27	8,851.39
Loans	98.91	50.28	66.72
Other financial assets	6,279.52	4,793.54	3,695.88
Financial assets for which allowance is			
Trade receivables	45,596.83	31,803.65	14,594.98

Credit risk related to investments

The Group has made investments in highly liquid public sector mutual funds to meet their short term liquidity objectives. The Group analyses the credit worthiness of the party before investing their funds.

The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Group does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the Consolidated financial statements for the year ended March 31, 2025****All amounts are in INR lacs unless otherwise stated****38 Segment Information****38.1 Description of Segment and principal activities**

As per Ind AS-108, "Operating Segment" (specified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) the Company's chief operating decision maker, i.e. Managing Director ('CODM') has identified Logistic services and other related services as the reportable segments.

Since the company is having only one reportable segment hence disclosure requirement as per Ind AS 108 is not applicable.

38.2 Geographical Information

The following table provides an analysis of the Company's sales by region in which the customer is located, irrespective of origin of the services.

Skyways Air Services Limited (Formerly known as Skyways Air Services Private Limited)**CIN: U74899DL1984PLC019666****Notes forming part of the Consolidated financial statements for the year ended March 31, 2025****All amounts are in INR lacs unless otherwise stated****44 Earnings per share**

Basic earnings per equity share has been computed by dividing net profit after tax by the weighted average number of equity shares outstanding for the year. Diluted earnings per equity share has been computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year

	Unit	As at March 31, 2025	As at March 31, 2024
Profit attributable to equity holders of the parent	INR lacs	3,914.45	3,117.23
Weighted average number of equity shares outstanding during the year for basic earnings per share	Number	10,55,93,994	10,43,64,800
Weighted average number of equity shares outstanding during the year for diluted earnings per share	Number	10,55,93,994	10,55,93,994
Nominal value of equity shares	INR	10.00	10.00
Basic earnings per share	INR	3.71	2.99
Diluted earnings per share	INR	3.71	2.99

45 There were no amounts which were required to be transferred to the investor education and protection fund by the Company.

46 The Holding Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Holding Company is in the process of updating the documentation for the transactions covered under transfer pricing regulations entered into with the associated enterprises during the period and expects such records to be in existence latest by such date as required under the law. The management of the Holding Company is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

47 First-time adoption of Ind AS

These are the Company's first consolidated financial statements prepared in accordance with Ind AS. The accounting policies set out in note 2 have been applied in preparing the consolidated financial statements for the year ended March 31, 2025, March 31, 2024 and in the preparation of an opening Ind AS balance sheet at April 01, 2023 (the Company's date of transition).

For all periods upto and including the year ended March 31, 2024, the Company prepared its consolidated financial statements in accordance with Generally Accepted Accounting Principles (GAAP) and complied with accounting standards as notified under Section 133 of the Companies Act 2013, read together with rule 7 of the Companies (Accounts) Rules, 2014 ('previous GAAP' or 'IGAAP') to the extent applicable and the presentation requirements of the Companies Act, 2013.

The transition of Ind AS was carried out in accordance with Ind AS 101, with April 01, 2023 being the date of transition. This note explains the exemptions on the first-time adoption of Ind AS availed in accordance with Ind AS 101 and an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Exemptions availed and mandatory exceptions

Ind AS 101 'First-time Adoption of Indian Accounting Standards' allows first-time adopters certain exemptions from retrospective application of certain requirements under Ind AS. Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A) Ind AS optional exemptions

A.1 Investments in subsidiaries and associates

Ind AS 101 permits a first-time adopter to measure its investments in subsidiaries and associates at deemed cost. The deemed cost of such an investment shall be either (a) its fair value at the date of transition; or (b) previous GAAP carrying amount at that date. Either (a) or (b) can be chosen to measure the investment in each subsidiary, joint venture or associate, that it elects to measure using a deemed cost.

Accordingly, the Company has opted to measure its investment in subsidiaries and associate at deemed cost, i.e. previous GAAP carrying amount at the transition date.

A.2 Carrying value as deemed cost for property, plant and equipment and investment property

Ind AS 101 permits, where there is no change in the functional currency on the date of transition to Ind ASs, a first time adopter to Ind AS may elect to continue with the carrying value for all of its property, plant and equipment defined as per IND AS 40 as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and use that as its deemed cost as at the date of transition except to the extent of capitalisation of the government grant as at transition date.

Accordingly, the Company was required to use the carrying value for all of its property, plant and equipment on the date of transition and designate the same as deemed cost on the date of transition. However, the company has used the carrying value for all its property, plant and equipment as on March 31, 2023, as per the restated financial statements approved by the Board of Directors in their meeting held on June 23, 2025 and designated the same as deemed cost on the date of transition i.e., April 01, 2023. There is no material impact on the other equity as at April 01, 2023.

A.3 Right of use assets and Lease liabilities

Ind AS 116 permits a first time adopter to apply this standard to its leases either retrospectively to each prior reporting period presented applying Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors; or retrospectively with the cumulative effect of initially applying the Standard recognised at the date of initial application.

Accordingly, the Company has opted to represent the Right of use assets and lease liabilities retrospectively to each prior reporting period presented.

B) Ind AS mandatory exceptions

B.1 Accounting estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were an error.

Ind AS estimates as at April 01, 2023 are consistent with the estimates as at the same date made in conformity with previous GAAP except for 'other adjustments' as below.

B.2 De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

B.3 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortised cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

Accordingly, the Company has determined the classification of financial assets bases on facts and circumstances that exist on the date of transition. Measurement of the financial assets accounted at amortised cost has been done retrospectively except where the same is impracticable.

a. Reconciliation of other equity between Ind AS and previous GAAP :

As at March 31, 2024:

Particulars	Notes	General Reserve	Securities premium	Retained Earnings	Statutory reserve	Foreign currency translation reserve	Total

b. Reconciliation of net profit as per previous GAAP and total comprehensive income as per Ind AS

Particulars	Notes	March 31, 2024
Net profit as per previous GAAP		3,034.52
Adjustments		
Investments in mutual funds measured at FVTPL	1	52.35
Depreciation of property, plant and equipment		454.47
Depreciation of right of use assets	4	(122.30)
Interest on lease liabilities at amortised cost	4	(56.63)
Payment of principal portion of lease liabilities	4	209.37
Reversal of lease liability - operating lease		13.98
Interest income on financial assets	4	1.97
Other adjustment		17.10
Tax impact on adjustments	3	(219.26)
Effect of remeasurement of the defined benefit plan (net of tax)	2	56.01
Net profit as per Ind AS		3,441.58
Effect of remeasurement of the defined benefit plan (net of tax)	2	(56.01)
Exchange differences in translating the financial information of foreign operations		(27.55)
Total comprehensive income as per Ind AS		3,358.02

c. Reconciliation of cash flows

The adjustments as explained above, are of non-cash nature and accordingly, there are no material differences in cash flows from operating, investing and financing activities as per the previous GAAP and as per Ind AS. Previous year numbers have been reclassified wherever required.

Year ended March 31, 2024:

Particulars	Previous GAAP	Effects of transition	As per Ind AS
Net cash flows from operating activities	(1,602.74)	698.57	(904.17)
Net cash flows from investing activities	(12,435.68)	(427.62)	(12,863.30)
Net cash flows from financing activities	15,518.49	(222.41)	15,296.08
Net increase/ (decrease) in cash and cash equivalents	1,480.07	48.55	1,528.62
Cash and cash equivalents at the beginning of the year	5,562.58	(82.19)	5,480.39
Cash and cash equivalents at the end of the year	7,015.09	-	7,015.09

Notes to first-time adoption of Ind-AS

- Investments in mutual funds measured at fair value:** Under the previous GAAP, investments in mutual funds were measured at lower of cost or fair value. Under Ind AS, these investments are required to be measured at fair value through profit or loss. The resulting fair value changes of these investments is recognised in the retained earnings as at the date of transition.
- Remeasurement of the defined benefit plan:** Ind AS 19 Employee Benefits requires the impact of re-measurement in net defined benefit liability (asset) to be recognized in other comprehensive income (OCI). Remeasurement of net defined benefit liability (asset) comprises actuarial gains and losses, return on plan assets (excluding interest on net defined benefit asset/liability). This was being recognised in the statement of profit and loss in Statement of profit and loss in previous GAAP.
- Deferred Tax:** Previous GAAP required deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under previous GAAP.
In addition, the various transitional adjustments lead to temporary differences. According to the accounting policies, the Company has to account for such differences. Deferred tax has been recognised on such temporary differences.
- Right of use assets:** Ind AS 116 requires the following accounting treatment in the books of the lessee, on the commencement of the lease:
- A lessee recognises a Right of Use (ROU) asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.
- A lessee measures the ROU asset at cost less accumulated depreciation and accumulated impairment losses.

48 Other Information

(i) The Group does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period except as below:-

Name of Subsidiary	Particular of Charge Holder	Amount in lacs	Reason for delay	Current status
